

JAMES H MADOLE

By K R Bolton

A Salute to James H. Madole

James Hartung Madole was born on 7 July 1927. His lifelong quest for knowledge began with a passion for science when at High School. Young James built his own laboratory at his home and conducted experiments in chemistry and astronomy. At an early age he saw the scientist in Faustian terms, uncovering the secrets of the universe. He considered that science should be the basis of culture and that scientist-rulers should govern society. Not surprisingly such elitism drew him to Fascist ideology.

Thus the first post-war Fascist party in the USA was to have its origins in those with a visionary approach to science. Madole sought out those with Fascist inclinations from among science fiction fans. One of these was the veteran pre-war fascist Charles B Hudson, a defendant at the "Sedition Trials" of those who tried to keep America out of World War II.

Madole was a powerful orator

Animist Party

The very year the war ended Madole formed an Animist Party, which had the support of several of the "America First" groups from the pre-war years.

Animist philosophy as developed by Madole was elitist, holding that the masses existed to manifest and support geniuses who would govern, somewhat reminiscent of the anti-liberal doctrine propounded by D H Lawrence.

Madole distinguished himself as a dynamic speaker both in his Animist Party, and with another group, the Nationalist Action League. His activities drew the attention of another group, the National Renaissance

Party. Kurt Mertig, a German-American who had led the Citizens Protective League before the war, formed the NRP in 1949.

With Mertig's decline in health Madole assumed leadership of the National Renaissance Party, a position Madole held until his death 30 years later.

Madole's Philosophy

Third Way

Madole was a precursor of today's Third Way movements, although some with a Christian disposition are offended by Madole's paganism and metaphysics, as they are with Evola's et al.

Whilst maintaining his anti-communism, Madole rejected much of the Old Right baggage.

Ideological input came especially from two 'intellectual fascists'. Francis Parker Yockey, author of *Imperium*, spent 15 years outsmarting INTERPOL and American military intelligence, travelling the world seeking out fascist support for his ideal of a united Europe. Charles Weiss, a member of the Kaiser's staff during World War I who had migrated to America shortly after the war, served as Yockey's mentor and was particularly helpful as a behind the scenes supporter of the NRP. They, Madole and a Catholic

anti-Semitic paper called *Common Sense*, under the editorship of Conde McGinley, propounded the unorthodox view (among the Right) that the USSR had divested itself of Jewish Bolshevism and was pursuing a Slavic nationalist course which was directly at odds with America and its Jewish leadership stratum. Madole described Stalin as having dragged Russia out of the "slaughterhouse of the Revolution led by Jewish agitators and financed by wealthy Jewish bankers..."

Demonstrating against US support for Israel

This of course was anathema to much of the Right, from conservatives to Nazis, who still saw the USSR as under Jewish

communism, and who marched in line with the System's Cold War anti-Sovietism.

America the enemy

Madole went further and considered the USSR a laudable authoritarian system; a position he maintained throughout his life.

Madole applauded various Third World leaders whom the Right routinely regarded as 'communists', on the basis of their opposition to

America. (As did Yockey. See his last essay **World in Flames**). For Madole, as for Yockey, Evola and other far sighted Western Destiny thinkers, America was the heartland of cultural, political and economic subversion. This is where we can learn from Madole in our own time. In fact, these ideas were even gaining ground among the veterans of the Third Reich, particularly the grouping around Gen. Otto Remer with whom Yockey was particularly close.

Madole supported the 'progressive nationalism' of Nasser, as opposed to the old ruling Arab families whom he considered tools of the USA and hence of Zionism. Such sentiments gained support from Arab nationalists, including diplomats. Abdul Mawgoud Hassan, press attaché to the Egyptian UN delegation, spoke at an NRP meeting.

Madole also developed a rapport with Black nationalists, and several joint meetings were held in 1963.

Heathen

At a time when the American Right was generally Christian, (even American Nazi Rockwell described himself as a 'pro-Christian agnostic') Madole foreshadowed the paganism of much of today's Right. He avidly rejected Christianity as being as much alien to the European ethos as communism. He wrote of "Christian nationalists as reflecting the past."

Madole rejected the Christian heritage esteemed by most of the US Right as "*religious twaddle handed down by the pilgrims and puritans.*" He upheld the NRP as the only party to "*reject the false teachings of Judaeo-Christianity.*"

In a major series of articles in the **National Renaissance Bulletin**, entitled *The New Atlantis*, Madole wrote of the,

"Semitic heresies of Judaism and Christianity [existing] as alien and disruptive factors within the body of Aryan Europe."

Madole rejected the belief in anthropomorphic deities as products of the Hebrew temperament foisted upon the Aryan at the point of Roman swords. His conception of deity would probably be best described as a pervasive force animating the cosmos.

Madole's chief animosity towards Christianity stems from its repression of the ancient esoteric and scientific knowledge of the Aryans which inaugurated the Dark Age.

The "God Man"

According to James Wagner, commander of the Security Echelon, it was during the 1960s that the NRP began to overtly expound an occult

outlook based on the ancient wisdom of the Indo-Europeans. He states that the 'inner circle' of the party compromised occultists.

At a time before the revival in Northern European Heathenism or Odinism, the occultic influences were mostly drawn from the eastern branch of the Indo-Europeans, the Aryans. Ancient India was of particular interest, its social structure being an earthly expression of its Hindu metaphysics. (Or "as above, so below", in esoteric terminology).

"Cosmic law" was cited as the basis of racial separatism, whereby each race struggled towards godhood. It is only by working in harmony with cosmic law that the Aryan could survive and prosper.

The New Atlantis

As mentioned, Madole's major work was a series of articles entitled **The New Atlantis - a blueprint for an Aryan Garden of Eden in North America.**

Drawing on Blavatsky's Theosophical teachings, Madole held that the Aryan was of vast antiquity, and had spread out over the world to be esteemed in native legends as 'white gods'. The Theosophical concept of *Root Races* was adopted, with the Aryans as the descendants of the Atlanteans.

The NRP programme on statecraft was based on the Hindu *Law of Manu*, sanctioning a caste system on racial lines, with a pyramidal social structure ruled over by the Brahman or priestly caste.

Madole viewed Vedic India as the model of Aryan statecraft. This itself had derived from Atlantis and was continued in Paranoiac Egypt, Druidic Europe, Imperial Rome, and the guild system of Medieval Europe.

Astoria rally, 1973. Madole, extreme right

The most recent examples were National Socialist Germany, Fascist Italy and the USSR.

Such hierarchy was a reflection of the harmony between the macrocosm (universe) and the microcosm (the body of man). Esoteric writers including Ouspensky, Eliphas Levy and Crowley are quoted to show the anti-liberal tradition of occultism.

The metaphysical and the political would create the fertile soil from which would grow the "God Man" as the next stage in evolution.

The "New Adam" would only come from the Aryan through eugenics, cosmic thinking, specialised training and occult initiation.

In an article **Lindbergh - a symbol of Aryan resurrection in America**, Madole concludes with a clarion call for the European to awaken,

"to reach for his mighty sword, and liberate his mind, body and nation from the shackles of Jewish liberalism and the poisonous myth of Judaeo-Christianity."

America's Ksatriyas

Madole aimed to create an elite force of warriors who would fight the forces of chaos and inaugurate a New Aeon based on Cosmic Law. Hence, Madole sought the creation of a *Ksatriya* caste of cosmic warriors on American soil motivated by a sense of *dharmic* duty.

NRP activists were imbued with both a fighting spirit and with the esoteric wisdom of the ancients. Esoteric schools were held for the NRP elite, and many esoteric books were made available along with the familiar books on fascism, National Socialism, race and politics.

Jim Wagner, the commander of the Security Echelon or stormtroopers during the NRP's later period, states that instruction for the SE included 'unique mind training', and discussion on theosophy and Indo-Aryan metaphysics.

This Security Echelon had its origins in the Elite Guard formed in 1954 as street orderlies to protect NRP meetings. As the first post-war fascist formation, the NRP was of intense interest to Zionists and communists who infiltrated their agents into the NRP.

However, despite the attempted disruption the Elite Guard had earned honour in several major street battles against much larger numbers. That spirit led to the formation of the SE in 1963. The first unit was organised as SE Battalion Thomas Paine. The first commander was Marine Corps veteran Frederick E Jones.

Troopers wore black caps, grey shirts, with lightning bolt armbands and black trousers. The same year the SE came under the command of Ed Cassidy, and a sincere, dedicated, if somewhat overly anti-Semitic blond haired Jewish ex paratrooper named Dan Burros who was to commit suicide the day his Jewishness was exposed by the **New York Times**.

Street actions

One of the first and most famous SE actions was on 25 May 1963 when the party held a rally in Yorkville, New York, the pre-war stomping ground of the German-American Bund, the Christian Front and other nationalist groups when it had a high concentration of Germans.

The rally drew an audience of 4000, including 1000 Jews led by the Jewish War Veterans. A Jewish surge broke through police lines, and the small SE detachment reacted with vigour.

That year Madole and 7 supporters were arrested as the result of a counter demonstration against the Congress for Racial Equality which had been picketing a White Castle hamburger restaurant which was being pressured to racially integrate.

The NRP supporters were attacked. Police found in the truck of an NRP supporter a crossbow used to shoot fish, among camping equipment and this was used as a pretext to bring weapons charges in addition to the charges of conspiracy to riot. These charges were later extended to include charges to overthrow the government and to deport and 'extinguish' (sic) Jews.

Judge Davidson spent 6 hours lecturing the jury, during which he claimed that 'Madole is not a human being'. Madole and Burros were sentenced to two years. Even their patriotic lawyer, John Graves, was fined \$250 or 10 days jail in the course of defending his clients. The court granted bail on appeal, although Burros did spend several months in prison. The appeal was not heard until 1968 by which time both Burros and Graves had died. The convictions were overturned and the State's appeal was unsuccessful.

Many more actions were brought against the party. Madole was arrested again in 1971 with two supporters whilst handing out leaflets. A

Madole arrested, White Castle riots

fight had broken out involving about 500 persons, with 200 onlookers.

Despite Madole's rejection of Christianity he was during his life highly respected among some sections of the Christian Right. Certain principal American national socialists and nationalists got their political start with the NRP, including Rockwell's successor Matt Koehl. Madole and other NRP speakers addressed many Klan meetings. At a fund raising dinner he did to assist Grand Dragon Robert Miles, who had been charged with bombing buses used in school integration, Madole and SE Commander Lisank, a tough but well liked Czech ex-army officer, were awarded medals by the Klan for distinguished service.

NRP activities continued until Madole's untimely death in 1972. Bloody street battles between the NRP and the Maoist Progressive Labour Party were frequent in the Astoria area of New York. In 1974 the party picketed the Israeli El Al Airlines in Manhattan. In 1975 a furor erupted among Jews, Blacks and liberals over the prospect of the NRP meeting at the Bicentennial auditorium in Virginia. The heads of the local Anti-Defamation League, the Zionist spy and spear-mongering network, and the Black Urban League threatened violence. State Senator Leroy threatened to resign. Nevertheless, the NRP won through and held its meeting.

Madole the man

This then is something of Madole's philosophy and activities. As for the personality, Madole was an intellect of high calibre. He had the "knowledge of someone with several doctorates," recalls Sarge, cousin of the American Nazi leader Rockwell and a nazi stormtrooper who has in recent years himself gained a doctorate.

Although a forceful speaker Madole was, according to an anti fascist infiltrator, William Goring, "mild mannered and good natured."

Sarge relates,

"I could see his life was really a pursuit of knowledge. He would have made a great Druid bard. I could picture him as a druid priest. Madole was kind and spoke softly. possessed hidden courage was never vain."

Yet despite his studious and quiet nature, "Madole was the toughest minded person I'd ever met," relates SE commander Wagner.

"He wasn't afraid of anything. To tell you the truth, I thought at times he was reckless. He was totally driven by his philosophy. He could have been killed on many occasions. He'd hold a street rally anywhere. To say that of a white nationalist in New

York City was incredible. It was Madole's fearlessness that gave everyone else inspiration. He was involved in scuffles and handled himself quite well."

Sarge writes:

"Madole was not physically strong but he possessed great courage in the face of adversity and never fled when challenged. He was never the aggressor and fought in self-defence - and won too."

Madole died of cancer at St Luke's Hospital, 6 May 1979, 5 25pm

He is buried at Greenwood Cemetery, Brooklyn

His mother Grace, always a strong supporter of her son, and herself of courageous disposition attending NRP rallies, survived him by two years, at 80 years. She attempted to keep the NRP going by finding other leader. Andriej Lisansk, the Czech army officer, assumed leadership but was killed by a mugger and the NRP records he was carrying were scattered over the highway and lost. By 1980 the NRP was gone.

Sarge has described Madole as *"the unheralded founding father of modern Fascism"* in the USA. Yet possibly the only folkish journal to honour him at his death was **The Odinist** which carried an obituary entitled *"An Oak has fallen."*

Pyramidal temples of Mexico and Central America reflect the glory of lost Atlantis.

Only by treasuring his awe-inspiring ... and the sacred traditions inherited from past aeons can Aryan Man understand the Cosmic Destiny which has selected our ancient peoples as the genetic seed bed from which shall arise, like the reborn Phoenix from the flames and ashes of its former self, a higher type of human being - The God Man Or - Homo Superior - a star above Homo Sapiens - as "Homo Sapiens" is above the anthropoid gorilla. Atlantis was to Aryan Man what Ancient Israel was to the Hebrew Semites but we have been kept in ignorance of Aryan "Holy Books" by the alien Semitic dogmas of Judeo-Christianity forged by those who profit from keeping our minds ensnared in spiritual and mental darkness. We cite the following excerpts from "THE MYSTERIOUS UNKNOWN" by Robert Charroux, an author who has recently been banned from TV and radio in his native France:

The greatest best-seller of all time is The Bible, which has been translated into hundreds of millions of copies. On the other hand, books which tell the story of our own lands and our own people are those which were the first readers in Europe, who were the first to know who were the first rulers in Europe, who were the first to know of Gaul and Britain, yet descendants of the people of those times can be traced in the genealogies of men who lived in desert places where they have never seen and are never likely to see Jacob was the son of Isaac, the son of Abraham the son of Shem, and so on until they come to the first created man, Adam, the son of God and a handful of dust as some say, or according to others the offspring of a primitive Adam and Lillith. Contrary to popular belief that of the Western Celts is marvellous & clear and full of magic, sweetened with the breath of seas uncharted and the flowers of Paradise. All this may be found in The Brown Book, or Leabhar na h-Eile, which owes its name to the fact that it is bound in dark brown doe-skin. It is the oldest of the great Gaelic manuscripts, and was transcribed by Mac Eoinaire about the year 1000.

"In contrast to most other civilizations, which have left a multitude of paintings or incised pictures on rock or clay, on wood or stone, the Celtic civilization was very sparing of graphic representations, but those which do remain have a high initiatory value. Celtic symbols, in order of their frequency, are concentric circles and spirals, ram-headed serpents, phallus, the horned god, the flying griffin, the winged horse, and eight-rayed star, the sword and the axe, the bull, and the swastika. It is by studying these symbols that it is possible to reconstruct the history of our Western lands which have inherited the civilization of Atlantis. For Atlantis was the true and original source of the science and the arts, the gods and the traditions of the white races, whose world was born in the West."

The man who brought fabled Atlantis to the renewed attention of scholars everywhere was a fine American patriot, with an acute awareness of the Jewish and Negro problems, by the name of Ignatius Donnelly. Donnelly had an astute grasp of American politics which he demonstrated by being elected Lieutenant-Governor of Minnesota at the age of 28. In 1863 he was elected to Congress and served 8 highly successful years. Later Donnelly became a leader of the Farmer's Alliance and wrote the text for the Populist Party program in 1892. While serving in Congress, Ignatius Donnelly, burnt the midnight oil in the Congressional Library and wrote his immortal classic, "Atlantis, The Antediluvian World", which was eulogized by the famed scholar and British Prime Minister, William E. Gladstone, who openly stated that Donnelly's book reflected his own opinions concerning the Lost Continent. Please remember that Ignatius Donnelly was neither a mystic nor a vapid dreamer but a hard-headed realist and successful American politician. We quote the 13 points which his book was compiled to prove (from "Atlantis, The Antediluvian World" by Ignatius Donnelly):

"This book is an attempt to demonstrate several distinct and novel propositions. These are

1. That there once existed in the Atlantic Ocean, opposite the mouth of the Mediterranean Sea, a large island, which was the remnant of an Atlantic continent, and known to the ancient world as Atlantis.

- 2) . . . That the description of this island given by Plato is not, as has been supposed, fable, but veritable history.
- 3) . . . That Atlantis was the region where man first rose from a state of barbarism to civilization.
- 4) . . . That it became, in the course of ages, a boundless and mighty realm, from whose overflowings the shores of the Gulf of Mexico, the Mississippi River, the Amazon, the Pacific coast of South America, the Mediterranean, the west coast of Europe and Africa, the Baltic, the Black Sea, and the Caspian were populated by civilized nations.
- 5) . . . That it was the true Antediluvian world—the Garden of Eden, the Gardens of the Hesperides, the Elysian Fields, the Gardens of Adonis, the Mesomphalos, the Olympus—the Asgard of the traditions of the ancient nations, representing a universal memory of a great land, where once mankind dwelt for ages in peace and happiness.
- 6) . . . That the gods and goddesses of the ancient Greeks, the Phoenicians, the Hindus, and the Scandinavians were simply the kings, queens and heroes of Atlantis, and the acts attributed to them in mythology are a confused recollection of real historical events.
- 7) . . . That the mythology of Egypt and Persia represented the original religion of Atlantis, which was sun-worship.
- 8) . . . That the oldest colony formed by the Atlanteans was probably in Egypt, whose civilization was a reproduction of that of the Atlantic island.
- 9) . . . That the implements of the 'Bronze Age' of Europe were derived from Atlantis. The Atlanteans were also the first manufacturers of iron.
- 10) . . . That the Phoenician alphabet, parent of all the European alphabets, was derived from an Atlantis alphabet, which was also conveyed from Atlantis to the Mayas of Central America.
- 11) . . . That Atlantis was the original seat of the Aryan or Indo-European family of nations, as well as of the Semitic peoples, and possibly also of the Turanian races.
- 12) . . . That Atlantis perished in a terrible convulsion of nature, in which the whole island sunk into the ocean, with nearly all its inhabitants.
- 13) . . . That a few persons escaped in ships and on rafts, and carried to the nations east and west the tidings of the appalling catastrophe, which has survived to our own times in the Flood and Deluge legends of the different nations of the old and new worlds.

Donnelly's highly erudite summation of historical facts concerning the vanished fountainhead of Aryan civilization in prehistoric Atlantis destroyed some 11,000

years it is a real 'The Secret Doctrine' of Madame
Blavatsky. The first volume is a masterpiece of
science from the 'Book Of Dzyan' and the 'Book Of
year, preserved in the archives of Tibet. This Secret Doctrine
the Jewish 'Talmud' and the 'Pitru-Carmina' of the
early times of the Christian Age. The second volume is
general and deals with the 'Cosmogony' of the universe. The
is entitled 'Cosmogony' and deals with the true nature of
creation from the 'Book Of Dzyan' and the 'Book Of
inter-relationship of infinite space and eternal time, the
which governs the entire manifested Cosmos from far-flung
solar systems like our own, from the cosmic cellular centers we know
to infinitesimal planets like our Earth, from man to a microbe to a
and ever down into the infinite microcosm of subatomic particles.
second volume of 'The Secret Doctrine' is entitled 'Anthropogenesis' and
with the Creation and History of Life, particularly mankind, on Earth.
There are predictions concerning the birth of a new God-like race from
the North American continent and I quoted Madame Blavatsky, in Part I,
article as to how the New Race would emerge from a fusion of Arrian
in the USA. A full comprehension of the 'Secret Doctrine' requires a
working knowledge of modern physics and astronomy as well as familiarity with
Eastern and Western Occultism but the vast sweep of thought contained in these
volumes gives one a sense of probing the mind of a GOD. It makes the
Bible appear puny and useless in comparison to these Scriptures from the
'Book Of Dzyan' and fills me with pride in the glorious heritage bequeathed
to us by our Atlantean and Arvan forebears.

'THE NEW ATLANTIS'

A Report For An Ancient GARDEN OF EDEEN by James H. Madole

The purpose of this report, history of the Atlantean Race, and the great
in the prehistoric Empire of Atlantis, is to prove that a vast repository of
literature and Sacred Texts exists in the libraries and monasteries of Tibet,
India, China, and Mongolia which prove that mankind's history goes back
millions of years, rather than a mere 10,000 or 15,000 years as our contem-
porary scientists believed! These ancient volumes, written thousands of years
before the coming of Christianity, tell of flying machines called 'Aerons'
whose fuel was the element mercury, they tell of nuclear solar systems

said to have clawed nails and to lose their hair. Similar motifs are depicted vividly in the 'Popol-Vuh', the Holy Book of the Maya Indians of Guatemala, and in 'The Ramayana' and 'The Mahabharata' of the Aryan Hindus. The Deluge legends concerning the destruction of Lost Atlantis came from these elder Aryan sources by way of the Persians and Babylonians who transmitted them to the Hebrews and Greeks. Hence the Deluge legends of all nations including the Noah Story in 'The Holy Bible' which is a much diluted hand-me-down parody of the Babylonian 'Epic Of Gilgamesh' which, in turn, is a more obscure portrayal of a cataclysmic catastrophe that is the Aryan

'Mahabharata'). The Red Indians legends of North and South America also speak out allegorically the founding of their land, Aztec, Toltec, and Mayan Empire, of wisdom brought by "White Gods" from the Eastern Sea, the Atlantic Ocean. The exact verbiage of the Mayan legend is related in "The Timeless Earth" by Peter Kolosimo:

'The white gods came from the east, long ago, on great swan's backs and shining sides, like huge snakes gliding through the water. When they reached the shore, men with fair skins and hair and blue eyes disembarked from them. They wore black garments open in front, with round collars and short, white sleeves. On their brows they wore a diadem in the form of a serpent.

Since the symbols of the serpent, dragon, cross, and the Celtic circles were amongst those sacred to the Atlanteans according to the translation of 'The Book Of Dzian' found in Madame Blavatsky's 'Secret Doctrine' and according to the same Tibetan source. Solar Worship was the fundamental faith of Atlantis and this dedication of the Sun is the source of the Atlantean religion.

this heralding the end of the Last Glacial Period about 11,000 years ago.

At the same time, the war part had a knowledge of the central organization which often resulted in Aryan princes ruling over tribes of non-Aryan Asians such as the Mitanni and Kassites who set up Kingdoms in Western Mesopotamia about 1500 B. C.. Thus the Satem branch of the Aryan Race founded the empires of Vedic India and the famed Persian Empire of Xerxes and Darius. From long perished Atlantis our ancestors drew the knowledge which created the magnificent storehouses of knowledge found in The Rigveda, The Upanishads, The Brahmanas, The Puranas, The Zend Avesta Of Zoroastrian Persia and the beautiful poetry of India and Persia.

The Centum tribes of the Aryan Race migrated westward and in successive invasions destroyed a decadent Minoan Crete thereby laying the foundations of Classical Greece, they poured into the Italian peninsula and laid the foundations of Imperial Rome, and still later Centum invaders brought a mongrelized marionette (that remained of Imperial Rome after centuries of rule by a Christianized and de-racinated ruling class) under their sway. From the Bay of Biscay, the Ural Mountains, the nation-states of Europe and all their culture, science, and technological achievements (as well as their Indo-European root language) owe their very existence to the Centum branch of the Aryan Race. Only the Semitic heresies of Judaism and Christianity exist as alien and foreign factors within the body of ARYAN EUROPE. We quote the French historian, A. Pictet, in his "Ancient Migrations Of The Aryans":

"In an era before any historical record, lost in the mists of time, a race sustained by Providence to dominate the entire world grew little by little in its primeval cradle, privileged above all others by beauty of mind and gifts of intelligence."

In my next installment of "The New Atlantis" I shall trace the evolution of the families of the Aryan Race, both Satem and Centum, in both Asia and Europe and begin to explain the mortal psychological conflict which took place from ancient times to the present between the Semitic religions, Judaism, Christianity, and Islam and the Occult Traditions of the Aryan peoples traced in "The Book Of Dzyan" and "The Secret Doctrine" to the original spiritual fountainhead of Lost Atlantis.

"We Salute those sacred summits (Himalaya) which carried the future of humanity in their hearts, which first brought forth the dawn of time and introduced two ruling principles which have since ruled the world: Faith and Reason. When the Aryan race after many thousands of years have become the masters of the planet which they inhabit, their first duty will be to explore that mysterious region of Tibet, Afghanistan, and Western Asia. No place in the world has had a more important role in the history of the race or valley where mankind first attained self-consciousness. Let us remember the words of the old patriarchs who, at the foot of the Himalayas, laid the foundations of our civilization and of what we shall become. (Ernest Renan, "History Of The Aryan Languages")

The Aryan City of Corinth in Classical Greece before the Christian Era

Slowly, but surely, Aryan Man is turning his eyes from the Semitic spiritual center in Jerusalem and riveting his full attention upon the dimly remembered homelands of the Aryan soul in the high, soaring peaks of the Himalayas and the Lost Edens Of Atlantis And Ultima Thule. Only those who allocate the necessary Will And Time to master the intricacies of such literary and spiritual masterpieces as "Lis Unveiled", "The Secret Doctrine", "The Vishnu Purana", "The Upanishads", and "The Rigveda", can fully understand the vast powerhouse of intertwined science, metaphysics, occult philosophy, and knowledge of pre-historic races whose civilizations surpassed the greatest feats of modern man. all this vast storehouse of wisdom and power which is the acknowledged legacy of Aryan Man (the descendants and rightful heirs of Lost Atlantis). In our last chapter of this article I discussed the SATEM branch of the Aryan Race which created the wonders and beauty of Vedic India and the Persian Empire of Xerxes and Darius. I also discussed the CENTUM tribes of the Aryan Race that moved westward into Europe founding, at various periods, the empires of Classical Greece, Imperial Rome, the Byzantine Empire, the Holy Roman Empire of

Charlemagne, and each of the national states of Europe. Germany traces itself back to the Visigoths, France to the Franks, Italian nobility to the Ostrogoths and Lombards, the Swiss to the Burgundians, the Germans to the Teutons, the Greeks to the Ionians, the various Slavic elements of Yugoslavia to the Slavonic and Lithuanian, the Russian Slavs to the Nordic Russ of Scandinavian origin and the Ukrainians to the Ukraine. Naturally there have been Mongolian and Turkish invasions of Europe which have created large reservoirs of non-Aryan blood in the Balkans and Eastern Europe but these elements have been absorbed into the mainstream of Aryan Culture (with the exception of the Jew because of his messianic Religion which prevents his assimilation).

The Pre-Christian Metropolis of Athens - a marvel of Aryan Engineering and Architecture in Classical Greece. Adolf Hitler sought to rebuild Modern Germany on the model of Aryan Grecian architectural design.

Examining the evidence of pure scientific fact - who exactly are the Aryans? What constitutes a person of Aryan Race as differentiated from Semites, Mongolians, African Negroes, Indian Tamils or Dravidians etc.? According to the accredited historian, V. Gordon Childe, in his book, 'The Aryans', published in 1927, we have the following facts:

Most of the languages of Europe, America, and India today belong to one vast linguistic family generally called the Indo-European. The direct ancestors of these modern tongues were already diffused from the Atlantic, the Caucasus and

the Taram many centuries ago. All seem
a common parent language. Philology
can reconstruct in a fair measure
must have been spoken by a common people.
them we can predicate two things

"To whatever physical race or races they belonged, they had
certain spiritual unity reflected in their language.
To their linguistic heirs they bequeathed a common inheritance of
characteristics, at least something of this nature, and more
identity. Anyone who doubts this would do well to compare the inscrip-
tive carved by the Aryan Darius on the rock at Behistun with the
brutal self-glorification of the inscriptions of Assyrian and Egyptian
Semitic monarchs of Assyria and Babylon. The Aryan languages and their assumed parent-speech have been, for ages, the
delicate and flexible instruments of thought. It follows that the Aryans
must have been gifted with exceptional mental endowment, if not the posses-
sors of a high material culture. It is no accident that the first great advance in
abstract natural science was made by the Aryan Greeks and Romans, not by the
Babylonians or the Egyptians, despite their great material resources and their
surprising progress in techniques - in astronomical observation for example.
In the moralization of religion too Aryans have played a prominent role. The
first great world religions which addressed the appeal to all men irrespective
of race or nationality, Buddhism and Zoroastrianism, were the works of Aryans
propagated in Aryan speech. It is certain that the great concept of the Divine
Law or Cosmic Order is associated with the first Aryan peoples who emerged on
the stage of history some 3000 years ago. Nor were the potentialities of Aryan
speech solely intellectual. Poetry in which a fixed metrical structure combines
with sweet-sounding words to embody beautiful ideas seems peculiarly Aryan.
Semitic poetry, for example, does not rest upon a regular metrical structure
involving a fixed number of syllables in the verse. The correspondence between
the metres of the Hindu Vedas, the Iranian Gathas, and the Greek lyrics, in fact,
allow us to infer some form of common metrical tradition inherited from an earlier
epoch (Ed. Note. "The Secret Doctrine" places the Aryan Race in Thule some
11,000 years ago or perhaps even earlier. We quote, "As the comparatively late
Brahmins have come - when invading India with its dark-coloured Dravidians -
from the North, so the Aryan Fifth Race must claim its origins from northern
regions. The Aryan Race was born and developed in the far north, though
after the sinking of the continent of Atlantis its tribes emigrated further south
into Asia."). Thus the records of the Tibetan lamaseries contained in "The
Secret Doctrine" bear out V. Gordon Childe's assertion that the Aryans had
traditions of speech and thought inherited from 'earlier epochs'.

Now back to "The Aryans" by famed historian V. Gordon Childe. Philologists
today recognize eleven groups of languages descended from the Aryan root, each
group embracing a plurality of languages and each language being divided up into
a multiplicity of dialects. The principal groups known today are
1. Celtic - surviving only in Gaelic, Irish, Manx, Welsh, and Breton but
once spoken over a vast area in Western and Central Europe.

2. The Teutonic Languages, including Anglo-Saxon, Dutch, German, and Scandinavian languages.
3. The Italic Group - Latin, Oscan, and Umbrian all known from about 400 B. C. - together with their modern descendants, Italian, French, Spanish, Romanian etc..
4. Albanian - possibly a survival of archaic Illyrian or Thracian.
5. Greek - in classical times divided into Doric, Ionic, and Aeolic dialects.
6. The Slavonic Tongues - Russian, Polish, Czech, Croat, Serb, Bulgarian, and many others.
7. The Baltic Family - Lithuanian, Old Prussian, and Lettish, all known in a comparatively recent date.
8. Armenian with a literature beginning in the 6th Century A. D.
9. Iranian dialects represented first in the Old Persian inscriptions of the Achaemenid kings on the one hand, and in the Gathas and later sacred books of the Parsis (Zends) on the other, and then in a great number of disparate dialects once diffused over an enormous area from Eastern Turkestan to the Caucasus and Europe (with the Avars) and still surviving in Ossetian, Kurdish, Persian etc..
10. Indic - primarily Sanskrit, then the ancient Prakrits and Pali, and modern vernaculars.
11. Tocharian - an extinct language with two dialects known only from a few manuscripts recently unearthed among the buried cities of the Tarim Basin, and probably dating from the later half of the 1st millennium A.D.

Madame Blavatsky's "The Secret Doctrine", translated from the Stanzas of Dzyan by Tibetan sages, spoke of lost cities in the Tarim Basin but, amazingly enough, Madame Blavatsky published "The Secret Doctrine" in 1888 two years before her death, but the discovery of a lost Aryan Civilization in that remote area was not made until 1917! This saga of the Aryan Race, the spiritual heirs of Lost Atlantis, who are ordained to bring forth from their lands a genetically and spiritually more advanced SIXTH ROOT RACE on the North American continent, will be continued in our next issue of the "NRP Bulletin".

"THE NEW ATLANTIS"

A BLUEPRINT FOR AN ARYAN "GARDEN OF EDEN" IN NORTH AMERICA (Part VII)

by James H. Madole

The immortal doctrine of RACIAL DIFFERENCES and the basic inequalities existing between species, castes or classes, and individuals within the species has ever been the foundation stone upon which Aryan thought and culture was erected and spread across the world from Airyana Vaejo (the Aryan Homeland of the Aryan Race). Our Aryan knowledge of the Occult or Metaphysical Sciences was inherited from the pre-historic Empire of Atlantis when our White-skinned ancestors existed at a time contemporary with the final decline of that awe-inspiring Race of Demi-Gods (some 850,000 years ago). This knowledge we have from the lamaseries of Tibet, Mongolia, and India where the Sacred Books of the Aryan Race have lain for untold centuries before the Semites, who pirated and bowdlerized the mystical writings of Chaldea, Babylonia, Phoenicia, Pharaonic Egypt, and Vedic India in order to create their Universalist creeds of Judaism, Christianity, and Islam - even came into being as a SUB-RACE of the Main Aryan Root Race! The true origins of the Semites is best expressed by Asian historians rather than by Europeans since Westerners seek to shroud in mystery the unsavory background of the founders of Judeo-Christian monotheism. We cite the following from "Rigvedic India" by Abinash Chandra Das, a lecturer at the University of Calcutta:

"There was an Aryan tribe in Sapta-Sindhu (the modern Punjab of India), called

the PANIS, who were merchants, and who traded both on land and sea. They constructed ships for their sea voyages, having been master-carpenters. They were excellent mariners, probably the earliest that history knows of. (Ed. Note: This chronicle of events covers the period of Aryan development in the Punjab circa 25,000 B.C. to 7500 B.C. when the 3 great seas surrounding the area were converted into dry land or burning deserts thus changing the climatic conditions as described in the Rigveda.) But they were a greedy and avaricious people, bent only upon amassing wealth by means, fair or foul. Having been money-lenders, they exacted interest from the borrowers with the cruelest severity of a Shylock. Clans of this tribe who traded on land, accompanied by their herds and dogs, like the modern wandering Iranians (Persians) sometimes stole the cattle of the settled agriculturists, and mixing them with their own herds, swiftly moved away to other settlements. This abnormal character of the Panis, coupled with the fact that they did not subscribe to the Vedic faith - the Aryan racial and caste preserving religion of BRAHMINISM, and worshiped the principal Vedic Gods or perform the Vedic sacrifices, made them highly unpopular and despised. Some of them were so fiercely persecuted by the dominant Vedic Aryan clans that they were compelled to leave Sapta-Sindhu (Punjab) in their ships for other countries where they settled as traders and mariners. They must have settled first on the coasts of modern Gujarat, and afterwards on the Malabar and the Coromandel coasts of Southern India, inasmuch as they afforded excellent timber, the Indian teak, for ship-building. Probably they were the first Aryans to have come in contact with the inhabitants on the seaboards of the Southern Indian Peninsula - the Pandyas and the Cholas who were thus the first to receive Aryan culture.

"From these coasts some of the Panis, accompanied by the aryanized Cholas, settled in Chaldea, probably so named after the Cholas who established a flourishing colony in Mesopotamia and laid the foundation of the great Babylonian Empire. Others, accompanied by the aryanized Pandyas, voyaged along the coasts of Persia and Arabia, and settled in Egypt. But as the Panis had an irrepressible sea-roving propensity, they ultimately settled in Syria on the eastern coasts of the Mediterranean Sea, and founded a flourishing colony named Phoenicia. The Panis, or Phoenicians as they came to be called, became worse pests to the inhabitants of Southern Europe, Northern Africa, and Asia Minor than they had been in Sapta-Sindhu, inasmuch as they carried off helpless men, women and children and traded in them as slaves. These Panis or Phoenicians are known in history as the Punic Race, who established colonies in Mesopotamia, Egypt, Phoenicia, Northern Africa, and even Norway, and played an important part in the early history of Europe. (Ed. Note: Remember the Punic Wars between Imperial Rome and Carthage, a colony of Phoenicia)"

"The savage Aryan tribes who had commingled their blood with that of the Turanians (Mongol peoples) had dispersed to Europe long before the Panis left Sapta-Sindhu and established colonies in Western Asia and Egypt. These savage tribes were followed by others more civilized who settled in the wild regions of the Caucasus mountains, in Armenia, Cappadocia, Lydia, Phrygia, Pontus and the neighboring provinces. Subsequent to the Panis, other Aryan tribes, the Kosseans (Kassites), the Hittites and the Mitannians went out of Sapta-Sindhu and settled down in the various parts of Asia Minor. All these Aryan tribes,

... among the Chaldeans and were a Dravidian race (dark-skinned). Southern India were afterwards absorbed by the Semites, the stamp of Aryan Culture on the Semitic Civilization.

The present Arabian and Jewish cultures and religions are therefore but mere reflections of the ancient Atlantean Wisdom concerning the nature of the cosmos and the origins of humanity. Christianity, Judaism and Islam are degraded segments and symbols of the Ancient Wisdom carried by the Aryan conquerors from India, Tibet, and Mongolia into Egypt, Syria, the Arabian Peninsula, and Palestine but these Semitic Religions became merely a mental strait-jacket which held the duped masses in thrall to clever priests, ministers and rabbis who preyed like parasitic, bloated vultures on the fear of death (where is the unlimited humanity). Instead of revealing the beauty, knowledge, and power held within "The Secret Doctrine" our Western Aryan priesthood concealed all books of knowledge in their monasteries or burned them as heretical and frantically torturing to death all Gnostics, Cathars, Bogomils, witches and warlocks, Albigensians, men of science or great knowledge like Giordano Bruno and Savonarola ad infinitum. The fusion of Semite and Aryan in the Middle East reduced the infinite sweep of Aryan creative thought as ushered from the well-springs of Atlantean genius contained in the Vedas, Puranas, the Upanishads etc.) into a mere dogma ruthlessly wielded by unscrupulous priesthood.

How the stamp of regal Aryan culture successfully converted Vedic India the Sapta-Sindhu or Punjab, into a paradise during the period 25,000 B.C. to approximately 7500 B.C. when three of the four great seas which surrounded this Cradle of the Aryan peoples were either dried up or destroyed by upheavals of Nature thus changing the living conditions and forcing successive waves of Aryan Warriors to surge over the known world has been described at length in this manuscript. However, once Brahmanism, the original Aryan religion based on RACE and CASTE, with its sacred Laws Of Mana, whose avowed purpose was to keep forever separate the dark-skinned Dravidians (Dasyus) from the golden-haired Aryas (Sons of the Sun), began to lose its hold on the people a racial catastrophe set in. It was not the racial exclusiveness and strict caste system advocated by the Aryan Vedas and rigidly enforced by the Laws Of Mana (both being the very essence of the Aryan racial religion, Brahmanism which led to the ultimate sinkhole of poverty, illiteracy, and racial mongrelization which are the most hideous features of modern Indian life. It was the universalist creed of Buddhism (the Christianity of the Far East) which broke down the natural barriers between the superior and the inferior, the creative and the non-creative, the producers and the drones, the men of genius (Brahmins) and the collective mediocrities glorified by democratic and liberal thinkers (Sadras, the developer of civilization and the destroyer of civilization, the self-sufficient builder of nations and the totally dependent human barnacle who is a dead weight on the shoulders of his betters the Chandals or totally worthless non-producers). The remaining Aryans of India did violate the strict laws created by their Brahmins and mated (over many thousands of years) with their dark-skinned slaves (the Dasyus mentioned with curses in the Rigveda). Thus the creative Aryan element was simply dissolved into the human sludge pile which it had previously subdued and organized into a multi-racial society by means of rigid adherence to a caste system based on "VARNA" (color.)

The same tendency towards racial self-destruction can be visualized at every major American urban center where race-mixing, sexual degeneracy, the enormous crime rates by dark-skinned aliens brought here for cheap labor by Jewish sweat-shop entrepreneurs, poverty, and illiteracy are gaining the upper hand over creativity, discipline, order, hierarchy, service to the community, as properly embodied in the RACE and NATION, the sacred ties of the family unit, and personal pride in one's appearance, work, and accomplishments. The former are Afro-Semitic traits while the latter were ever Aryan traits. Everywhere in history that Aryan people have mixed their blood with that of primitive and less gifted races the same process of intellectual stagnation and moral degeneration has set in! The ancient fusion between the Aryan Panis and Semites resulted in the pilfering of the The Seal Of Vishnu (representing the correspondence between the powers inherent within the Macrocosm and the Microcosm - the Universe and the body of man - the Sun and the Atom - the Galaxy and the Molecule etc.) by Jews who converted the interlocking triangles (the Hexagon or sixpointed star) into "The Seal Of Solomon" or "The Shield Of David". The Semites stole the Flood Legend from the "Vishnu Purana" concerning the "Destruction Of Atlantis" and the survival of refugees led by Vaivasvata Manu and invented Noan and his family of Jews surviving a flood that inundated the entire earth for 40 days and 40 nights. They copied our Laws Of Manu in The Mosaic Code and the Talmudic Laws against fraternization between Jews and "goyim". Hitler's Nuremberg Laws and the Talmudic Laws against race defilement both originate from the Laws of Manu but whereas the Testons were of Aryan stock emanating from Asia, the Semites merely copied, as usual, what they had learned of these ancient teachings from their fusion of blood with the Pani Aryans! The German philosopher, Friedrich Nietzsche, never tired of eulogizing the Aryan Laws Of Manu while condemning the universalist Semitic creed of Christianity as witnessed in this extract from "The Twilight Of The Idols":

"These regulations are instructive enough, in them we find for once ARYAN HUMANITY, quite pure, quite primordial - we learn that the concept 'pure blood' is the opposite of a harmless concept. It becomes clear, on the other hand, in which people the hatred, the Chandala hatred for this 'humanity' is immortalized, where it has become religion, where it has become Genius... From this point of view, the Gospels are documents of the first rank; the Book of Enoch even more so, - Christianity, growing from Jewish roots and comprehensible only as a product of this soil, represents the reaction against that morality of breeding, of race, of privilege - it is the Anti-Aryan religion par excellence: Christianity the revaluation of all Aryan values, the victory of Chandala values, the evangel preached to the poor and lowly, the collective rebellion of everything downtrodden, wretched, ill-constituted, underprivileged against the "race" - undying Chandala revenge as the Religion Of Love..."

There can be no doubt that Universalist religions always slant their appeal toward the masses of failures, misfits, sub-human racial elements which cannot fit into a civilized order of society, criminals - in short the outcasts and dregs of humanity but they invariably ask the most productive and success-

The magnificent ability of the Aryan Race to reorganize the society and culture of mankind has always emanated from the pyramid of power (the caste system laid down in the Laws Of Manu) which is the hallmark of every Oriental and Occidental civilization which stemmed from an Aryan root. The intrinsic ability to fit every individual within his proper niche in the structure of the Aryan State, to safeguard his mental and economic well being through group effort towards a common National and Racial Destiny, the importance of the family as the building block of the pyramid of state power, the capacity to give every single individual a sense of "belonging", a sense of purpose - a reason for living and working toward a higher goal in which every member of the Racial Nationalist State is directly involved - these are the accomplishments of Aryan Statecraft! For examples of this art witness the Pharaonic Dynasties of Egypt (the product of migrating Aryan tribes from India and the Iranian plateau who entered the Valley of the Nile from the south - the Indus River was known as the Nila from whence came the derivation of the Sacred Nile of Egypt). The pyramidal structuring of society combined with Occult Philosophy and Applied Metaphysics were the Aryan inheritance from primeval Atlantis and this fertile stream of political totalitarianism combined with Ancient Occult Wisdom can be traced down the corridors of human history as follows

From the Priest-Kings of Atlantis to the Brahmins of Aryan India, from the God-Kings (Pharaohs) of the Egyptian Dynasties to the Magis of Zoroastrian Persia and Babylon, from the Druidic priesthood which ruled the pagan warrior-chiefs of the Celts to the "Philosopher-Kings" of Plato made famous in 'The Republic', from the God-King, Alexander of Macedon, who carried Aryan Hellenic culture back into Asia, to the "Divine Caesars" of the Roman Empire, from the 'Divine Right of Kings' and the Guild System of Medieval Europe to the modern streamlined, superbly efficient totalitarian states as manifested in National Socialist Germany, Fascist Italy, and the Soviet Union. This is but a brief outline of the Aryan impact upon World History.

Since Occult Philosophy invariably stresses absolute harmony between the Macrocosm (the Universe) and the Microcosm (the body of man) in short that mankind and his little world must be an exact reflection of the perfect order and harmony that exist among the far-flung solar systems, galaxies and meta-galaxies - it will not be surprising that every major exponent of this 'Ancient Wisdom' supported a hierarchy based on intellect! We shall here present the writing of P. D. Ouspensky, a famed Russian occultist and a disciple of Gurdjieff, in his 'A New Model Of The Universe' concerning the effectiveness of the caste system of Aryan India

"Division into castes represents an ideal social organization in accordance with esoteric (occult) systems. The reason for this lies, of course, in the fact that it is a natural division. Whether people wish it or not, whether they recognize it or not, they are divided into four castes. There are Brahmins, Philosopher-Kings and highly educated advisors thereto, there are Kshatriyas (warriors and governors), there are Vaisyas (merchants and the business elite), and there are Sudras (those who sell their services to the former, the workers). No human legislation, no philosophical intricacies, no pseudo-sciences and no forms of terror can abolish this fact. And the NORMAL functioning and development of human societies are possible only if this fact is recognized and acted on. All theories and all attempts

Alexander the Great looking down on the City of Tyranny

Alexander the Great, who was the first to conquer the world, was a man of great power and ambition. He was born in Macedonia and was the son of Philip II. He was a great warrior and a great leader. He was the first to conquer the world and to bring the world under one rule. He was the first to bring the world under one rule and to bring the world under one rule.

Alexander destroying the City of Tyranny

At the same time, the principle of hereditary rule, or on the principle of heredity, or on the principle of the superiority of the proletariat and the struggle for the better classes, are equally wrong, and all alike take the same form of injustice and oppression.

As stated in the words of the renowned Greek philosopher, Plato, who was initiated by the priests of Pharaoh in Egypt, concerning the end result of democratic government. This excerpt is taken from an excellent booklet called 'The Search For The San People', by Maynard Philbeck.

The sage Confucius 551 B. C., amplified an ancient thought when he said: "The superior man understands what is right; the inferior man understands what is seen." What of Democracy? The ancients recognized the drawbacks of the system, and we may be sure that the democratic system did not come highly recommended in San Editors Note: San People, Areas, or North America. Plato voiced some of its drawbacks in his age.

• Last of all come tyranny and the tyrant, state and man alike. Say, then, my friend, in what manner tyranny arises. That it has democratic origin is evident. Just as the neglect of all things to the end of money getting was the dissolution of the oligarchy, so the insatiable desire for freedom in a democratic state brings her downfall . . . By degrees anarchy begins to find a way into private houses. Fathers grow accustomed to descending to the level of their sons and to fearing them. The sons, for their part, have no respect or reverence for their parents, and this is their freedom . . . In such a state of society, the master fears and flatters his scholars, and the scholars despise their master. Nor must I forget to tell that here is liberty and equality of the two sexes in relation to each other. I must add that even the horses and asses have a way of marching along with all the rights and dignities of freemen. All things are just ready to burst with liberty

Above all, and as the result of all, see how sensitive the citizens become. They chafe impatiently at the least touch of authority, and at length, as you know, they cease to care even for the laws, written or unwritten. They will have no one over them. Such, my friend, is the fair and glorious beginning out of which tyranny springs. Excess of liberty, whether in states or individuals, seems to pass into excess of slavery. So tyranny naturally arises out of democracy, and the most aggravated form of tyranny and slavery out of the most extreme form of liberty. . . ."

Plato, the towering giant of Greek philosophy who brought the Ancient Flame of the Aryan Secret Doctrine from the temples and centers of learning in Pharaonic Egypt to rekindle the vast storehouse of primeval Atlantean knowledge in Hellas and later, to have this storehouse of antediluvian wisdom carried back eastward toward the rising sun by the chariots of Alexander of Macedon and later still to be carried throughout Europe and the Mediterranean World by the Imperial Legions of the Caesars - was not mistaken in his anti-Democratic views. Every man of distinction throughout recorded history has opposed the idea of "Government by the masses". From the blooming and futile Greek City States rose the flaming Phoenix of Alexander the Great who carried Hellenic art, wisdom and culture across vast tracts of Asia and Africa, from the Nile to the Indus. From the French Revolution based on total anarchy by uneducated masses led by half-mad intellectuals bent on slaughtering everyone with the ability to organize and govern (even their own deranged leaders such as Robespierre) rose the towering genius of Napoleon Bonaparte, from the slaughterhouse of the Russian Revolution led by Jewish agitators and financed by wealthy Jewish bankers (Schiff, Warburg, Mond etc.) rose Josef Stalin who raised Russia from a backward agrarian state ruled by an inept aristocracy to one of the 3 most powerful states on earth in 1975 from the economic and political chaos of the Weimar Republic rose Adolf Hitler and the National Socialist State! I believe these unalterable facts of history prove the above-cited statement on the inter-relationship between democracy and tyranny made by that great initiate of Egyptian Occult Science - the Greek sage, Plato! Aryans sink into decay under the sway of "democratic societies" (as witness the modern examples of liberal democratic virtue in the USA and Great Britain) but flourish and expand under highly organized, progressive totalitarian rule, as witness Pharaonic Egypt, Imperial Rome, Napoleonic France, Bismarck's Germany, Prussia and Frederick the Great, Hitler's Third Reich, and the Soviet Union under Stalin and his successors. The four castes of the pyramidal society with its Order, Hierarchy and Discipline will always be found where Aryan Man

The sun as the image of God. From R. Fludd, *Utriusque aetheris maioris ac minoris metaphysica, physica atque technica et historica* (Oppenheim, 1617).

Aryans worshipped the sun as the source of life and as a sentient being of intelligence.

governors. The primitive tribal society will then be replaced by a world race governors. Democracy, with its endless internal conflict and its warring hordes of culture and races always exists where the few govern.

I visualize an Aryan culture in which the spiritual and material worlds will thrive side by side, in mutual cooperation and respect, with the teachings of Theosophy and Occult Science. This synthesis of the material and the spiritual, the esoteric and the exoteric will reveal the secret of the soul from which the "God-Man" will come out being as a forward step in the evolution of the incarnated ego's now embodied within the human frame. The hopes of Judeo-Christian man or ego's about its future is nothing more than a blind consigning the immortal soul or ego to an eternity of pain and suffering. The soul will be purged free of its earthly attachments when we realize that the soul is incarnated within the physical bodies of our race and, even after death, will be reborn into what we, mistakenly, call "Gods". I shall explain this more fully in my exposition concerning "The Secret Doctrine" and the "Samadhi Of Death" given in this article. The science of physical science and occult science will reveal a new human race but only the highest existing human stock, the Aryans, can bring forth the new type of man, the "new Adam" - a mutation created by the occult breeding, cosmic thinking, specialized training, and Occult Education. It is my point that Occultists, far more than Judeo-Christians, understand the need for both totalitarianism and the breeding of a Higher Humanity as the immortal words of Ernest Renan in "DIALOGUES PHILOSOPHIQUES" say:

A broad application of the occult sciences to the human mind and body is the only way to achieve the new type of man.

could bring about the creation of a superior race, having the right to govern others, not only by reason of its knowledge, but by the very superiority of its blood, intelligence, and determination. What we would have would be species of Gods or Divas (Editors Note: The Aryan Persian word for a Divine Being, beings worth ten times what we are worth and who could adapt themselves to artificial environments. The viable is inherently implicit within the context of general conditions; but science will be able to extend the limits of viability. "We can imagine an age when the production of a Diva (Man-God) will have a capital value, representing the expensive apparatus, the lengthy preparation, the laborious selecting, the complicated education, and the difficult preservation of such an unnatural being. A factory for making ases (Editors Note: Scandinavian term for "Man-Gods"), an Asgard will be able to be set up in Central Asia. We can, therefore, conceive of the possibility of beings somewhere beyond our planet (Editors Note: Or in Central Asia at the hidden city of Chang Shamballah in comparison with whom man would have roughly as little significance as animals do when compared with man. Much in the same way that mankind came from animality, so also divinity would come from mankind. There would be beings who would use man, as man uses animals But I repeat, intellectual superiority brings religious superiority. We should think of these future masters as incarnations of the good and the true, there would have to be total submission to them In this same vein of thinking, we can conceive of a time when everything which has reigned on the level of prejudice and personal opinion would reign on the level of reality and of truth: Gods, paradise, hell, spiritual power, monarchy nobility legitimacy, racial superiority, and supernatural powers can be reborn through human action and thought."

The Aryan Race, because it constitutes potentially the highest expression of humanity existent in this era of time, must serve as the living womb and cradle from whence shall emerge, under proper genetic and educational guidance, the link between humanity and divinity - a creature beyond good and evil, the Man-God incarnated within the highest specimens of Aryan youth! Selectively bred, initiated by experts into the inter-relationship of both occult and physical sciences, able to relate harmoniously with the Universe by developing cosmic thinking in place of purely man-made Judeo-Christian conceptions of Reality, utterly remorseless in their determination to achieve their appointed goals and in serving the Destiny of the Aryan Race - these God like human mutations will first govern and later phase out the weaker, less intelligent or hereditarily deficient elements of the "Mass-Man" from our society. The powers of the human WILL and MIND will be developed to the point of infinity and the ancient Aryan caste system governed by "Philosopher-Kings" will come to pass in THE NEW ATLANTIS on the North American continent.

To continue proving my point that every major exponent of Occult Philosophy and Metaphysics was sympathetic toward autocratic societies (because only government by intellect could foster the climate in which the Aryan "Man God" could be nurtured into existence), I cite the words of Eliphas Levy born Louis Constant, a French Catholic who adopted a Jewish name because he became entranced by the "Kabbalah" - an Aryan Indian work pilfered by the Jews in the Middle Ages) from the introduction to his famed "History Of Magic"

...the aristocracy cannot be manifested except by the weak to become strong, for the people to acquire a position of transformation and of progress, but it is always the same persons. The people in this manner will remain the mass which is ruled and is not capable of ruling. In the vast army of every personal emancipation is an individual liberation, which is possible because it is replaced also automatically; a king would presuppose the slavery of the world and a monarch would be a disruption, as at Rome in the days of its greatest glory. A nation would be inevitably as anarchic as a class of experts or of soldiers who that they were masters. There would be no more order and all give orders at once...

"There are two classes: free men and slaves, but the passions, but he who is a slave is not a free man. Between the free are free already and those who as yet are not there is no equality, passion. The part of reason is to rule and of instinct to obey. On the other hand of the blind the office of leading the blind, both will end in the abyss. We must never forget that liberty does not consist in the license of passions, but from law, which license would prove the most absolute tyranny, liberty consists in willing obedience to law. It is the right to do one's duty and just men can be called free. Now, those who are in liberation should be those who are in bondage and slaves are called to be released, not from the yoke of the free but from the yoke of brutal passions, as a consequence of which they cannot exist without masters.

"Confess with us now for a moment to the truth of the transcendental. Suppose that there is actually, even a force which can be mastered by the miracles of Nature are made subservient to the will of man. This is the case, whether the powers of wealth and the bonds of sympathy can be extended to total greed, the art of fascination to liberties, the supremacy of power to those who cannot attain the government of their power selves. It is terrifying to reflect upon the disorders which would follow from a happy and some cataclysm is needed to efface the crimes of earth when all are stained with slime and blood."

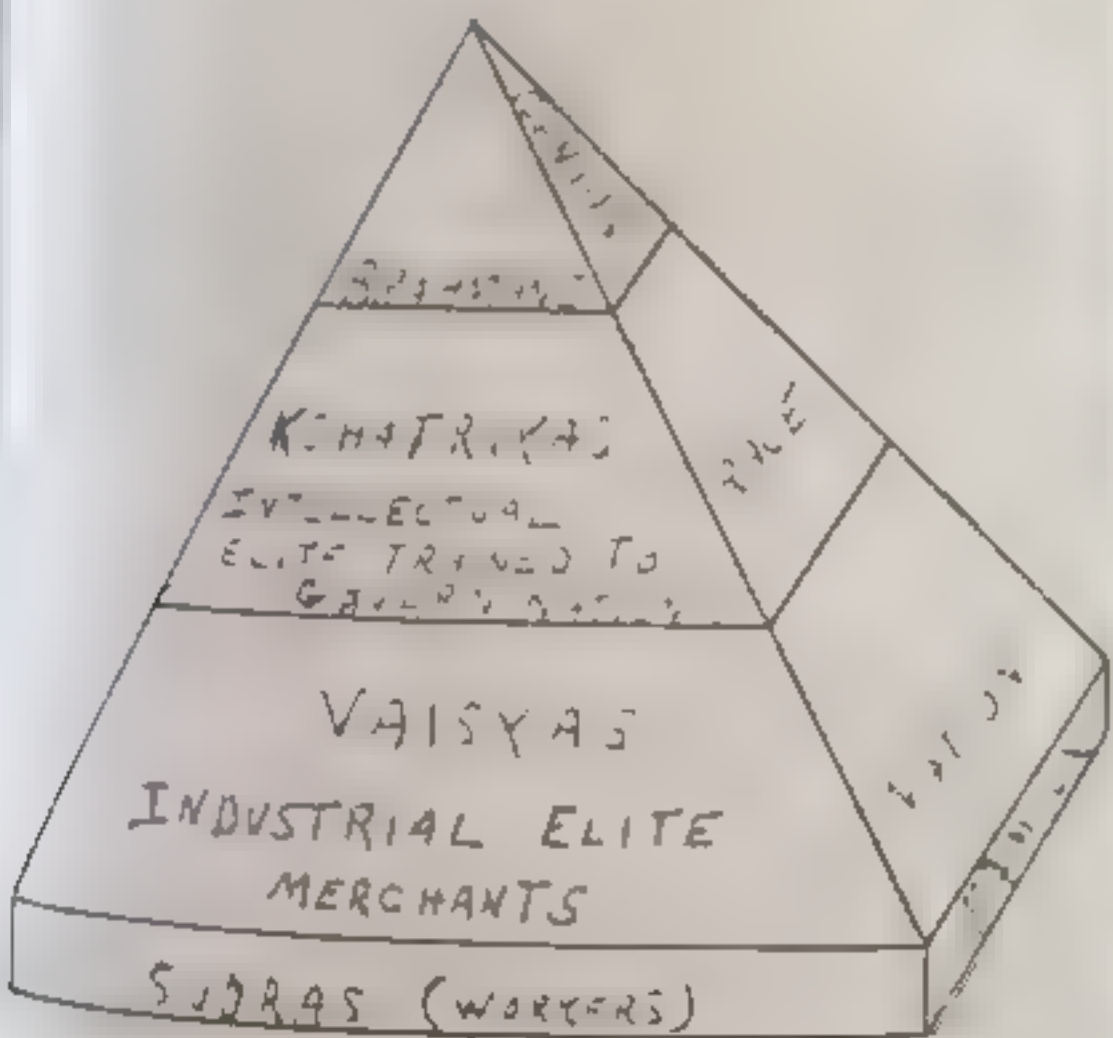

Louis Constant (nee Eliphas Levy) immediately exposed this Aryan heritage when he penned the above words. The Aryan priesthoods of Atlantis, India, Persia, Egypt, and Magian Babylon always wrote of their metaphysical wisdom in allegorical terms so that secrets of Nature fraught with deadly peril in the hands of the "Mass Man" would only be available to a ruling caste of initiates (Brahmins, the Magi of Babylon, the Persian and Egyptian priestcrafts, the Druids, certain of the Greek philosophers such as Plato and Pythagoras etc.). No true student of Occult Philosophy could possibly believe in egalitarian doctrines and similar ecumenicalism true to his own metaphysical traditions! Those who truly understand the powers which can be wielded by the human mind that has been freed from all conventional Judeo-Christian superstitions and restraints would hardly desire these powers to

To prove the "Kaballah" or "Qabbalah" was an Aryan rather than a Hebrew book we quote from "The Secret Doctrine" by Madame Helena P. Blavatsky,

Compare these imbecilic efforts at logic and rational scientific knowledge by the Christian clergy during the Dark Ages with Aryan knowledge in Classical Greece long before the alleged birth and miracles of the Christ which were never chronicled or reported by any Greek, Roman, Egyptian historians or philosophers of Christ's day. We quote from 'Aids From Legend To Discovery' by Andrew Tomas

The grim justice of Imperial Rome - death to the Aryan values, the foul criminals whose hands were plunged Aryan Europe into the Dark Ages.

What means had the sages of the ancient world known certain facts which had the people of the day? Anaximenes, about 2500 years ago, was aware of the remoteness of the stars but also of their non-luminous nature. It is only in the past few years that astronomy has obtained data on other solar systems. Anaxagoras (500-428 B. C.) wrote of other earths which produce the necessary sustenance for inhabitants. A century or two ago this brilliant thought of an ancient Greek would have been regarded as a fable and questioned by the academies. Democritus (460-370 B. C.) correctly explained the Milky Way as an immense multitude of stars clustered together. On the other hand, the

P. B. Barton - the great Russian Orientalist who brought to light the Aryan Race from Tibet to Europe and North America.

He was the first to discover the Aryan race and to show that the Aryans were not a people of the future but a people of the past, a people who were as warriors and their ability to conquer was not in the light of the sun but in the darkness of the night.

Let us now study the Aryan "Pyramid Of Power" which was inherited by our ancestors from the Aryans of the East and the West.

of our pyramid. As you will observe we have divided the Aryan child into two groups, the Vaisya and the Kshatriya, in our pyramid. Our state is totalitarian, and English terms, on our pyramid. - a government by the Intellectual Elite in which every individual shall be trained in accordance with his proven aptitudes and a pyramid structure in accordance with his proven aptitudes and a pyramid structure. These aptitudes and capacities will be determined through a series of tests and examinations subsidized by the Racial Nationalist State in which every Aryan child shall be enrolled by the age of six. At least 7 years will be spent in teaching the child how to master reading, writing, mathematics, the rudimentary principles of the sciences, philosophy, the arts, governmental and racial problems, and the value judgements. The purpose of these Youth Academies is to light the torch of knowledge concerning their Aryan racial heritage in the minds of the young children - the seed bed of the Aryan Future - and to cultivate, nurture, and promote the rare orchid of CREATIVE GENIUS in very special training centers whose Enlightened Intellectuals will serve as the BRAHMANS or Intellectual Elite (Masters of both the physical and occult sciences, Initiates in the art of governing the Race, and advisors to the Pharaoh or Absolute Ruler of the Aryan Racial Nationalist State - who will be trained from infancy by the genius of the Brahmins for the task he is to perform).

The majority of our Aryan youth, after we have determined their aptitudes, capacities, and inclinations during their 7 years period of basic training, initiation, and political and racial indoctrination in the Youth Academies, will enter either a State Trade Institute, a State Science Institute, or a State Technical Institute. The Racial Nationalist State will subsidize the child's education full so long as his marks average 85% because we consider this expenditure an investment in the future of the Race! Only those Aryans with the ability to make subjects vital, interesting, and to impinge the image of their own knowledge of a subject on the living mind of the pupil would be tolerated as teachers in our educational institutions. The thoughts of "cultural aliens" would never enter our training institutes as non-Aryans would be denied any right to mold any form of public opinion, educational or otherwise. Our 13 year old graduates of the Youth Academies would spend at least 5 years in Trade, Technological, or Science Institutes under the finest of instructors (some failing by the way into various forms of manual or office work as a result of failure to keep up the standards of intellectual achievement as reflected in their marks and tests. Others would graduate directly into American laboratories, industrial planning and management, engineering, agriculture, communications, medicine, the arts etc. forming a Brain Bank in North America such as the world has never envisioned in its history - a 'New Atlantis' in fact! Looking again at our Pyramid Of Power we have the broad base made up of manual and mental workers of perfect Aryan racial stock. Above these are the Vaisyas or industrial planners, organizers, architects, and merchants (those with leadership capacity to organize the labor force in constructive tasks under the command of the Kshatriyas). The Kshatriyas or Intellectual Elite trained in the administration of the Racial Nationalist State is the next step up the 'Pyramid Of Power'. They are organized by specific professions, arts, and sciences and their task is to organize these fields for the benefit of the Racial State - in short a Council of Administrators to govern the planned activities of both the workers and the industrial management of the nation in accordance with the Grand Design drawn up by the Brahmins and

the Philosopher-King (the Republic). Thus, in ascending the steps of the Pyramid one reaches ever greater degrees of creative intelligence. The Pyramid is an early God-like proportions as contrasted with the petty and uncreative lawyers who, today, constitute the presidency and Congress in our "democratic" form of government. Our modern government is a structure of the 'Pyramid Of Power' standing on its apex instead of its base with the apex of a politically ignorant, racially mongrelized MASS pressing the elements of the Aryan Race into total submission. Looking now at the Aryan 'Pyramid Of Power' we find the family unit as the basis of the nation which in turn supports and protects the race which it sustains by genius. We find the workers corresponding to the family unit, the planners and industrial organizers corresponding to the Nation State, the Intellectual Elite corresponding to the Race, and the Brannans corresponding to creative genius. The NRP educational system provides a broad basis for the possibility of an upward mobility within the Aryan 'Pyramid Of Power' for Aryan youth limited solely by their applied Will, Intellect, and Discipline. It picks up the mess left to us by crackpot Christian zealots as well as the mess

THE NATIONAL RENAISSANCE PARTY OF AMERICA
James H. Madole

PRESIDENT GAMAL NASSER OF THE UAR AND PREMIER FIDEL CASTRO OF CUBA ARE DESTINED TO LEAD THE PEOPLES OF AFRICA AND SOUTH AMERICA TO THE HEIGHTS OF ECONOMIC PROSPERITY AND CULTURAL ATTAINMENT.

The National Renaissance Party is devoted to a rebirth of the American people's spirit and a reorganization of the race, pride and patriotic self-sacrifice of the individual for the national welfare which permitted our British and Anglo-Saxon forefathers to create out an empire on the North American continent. The philosophical basis or doctrine of our party is known as RACIAL NATIONALISM. This doctrine recognizes the fundamental differences between races and individuals BUT SEEKS TO CREATE A WORLD ORDER IN WHICH ALL RACES ARE FREE TO COMPETE AND DEVELOP IN ACCORDANCE WITH THEIR OWN INHERENT MERITS AND CAPACITIES. The NRP agrees with Alexander Hamilton's concept of an American government dominated and ruled by the best minds of the nation or the intellectual elite who shall arise by educational competition and training from all classes of American society.

We are the arch opponents of democracy because we know that nations or civilizations survive only by strength and not by liberal submission to the will of their enemies. We despise the decadent political doctrine of democracy because we recognize that the intellectual elite for centuries at all times the creative segment of our people and the leadership in all fields must remain in their hands. The mass or majority was never designed by Nature to direct the destiny of a nation or business enterprise. It is highly interesting to note that both Marxism and Communism reject the "CULT OF THE PERSONALITY" and seek to glorify the role of the masses yet in their DOCTRINES they still present WORLD POSSESSION TO INDIVIDUAL LEADERS SUCH AS JESUS CHRIST, SAINT AUGUSTINE, JOSEPH STALIN, AND NICOLAI KHRUSHCHEV. Quite obvious to a nation, like a successful business enterprise should be ruled by its best trained minds and not by the erratic whims and fancies swayed by Madison Avenue advertising techniques. The role of the state is to create a favorable environment for the nurturing of intellectual genius. At present the state is creating a favorable environment for the nurturing of mediocre, scientists, and technicians every year who are producing processes, education, and production of semi-processed goods.

This theory can be exploded very easily. We have only to study the mighty civilizations created by the Aztecs, Mayas, and Incas in Central and South America where there was tropical jungle climate, lush vegetation and plentiful sources of game. These Indians were able to erect a class-society with mighty cities, temples and a well-ordered system of hierarchical government. The decline of this vast Indian civilization was brought about by the Spanish invasion and the subjugation of the minds and customs of this once pure race to the forced influence of Roman Catholic spiritual dogma. This spiritual dogma which denies the values of blood, race, and science and seeks to substitute for these positive values the stagnant creed of humility, racial pollution, the glorification of poverty, and submission to economic exploitation as "the will of God", IS LARGELY RESPONSIBLE FOR THE SAD PLIGHT OF LATIN AMERICA WHOSE PEOPLE HAVE LIVED IN TOTAL BONDAGE TO FOREIGN EXPLOITERS FOR HUNDREDS OF YEARS. Only recently has the Castro regime in Cuba begun to clear away the debris of centuries and bring freedom to these backward people by opposing the economic bondage imposed by foreign Jewish exploiters and the mental and spiritual bondage imposed by the Roman Catholic hierarchy whose leaders fear education and knowledge as a menace to the mental straitjacket which their dogma has contrived to ensnare the minds of men. Whether or not Castro can succeed in his mission, considering the centuries of racial degeneration which have taken place in Latin America under Catholic rule, is somewhat dubious BUT WE WISH HIM WELL AND WOULD DO ALL IN OUR POWER TO HELP UPLIFT HIS PEOPLE CULTURALLY, ECONOMICALLY, AND POLITICALLY.

To further disprove the Lysenko theory we need only cite the flourishing Mohammedan science which emerged from the torrid deserts of the Arabian Peninsula to conquer large parts of Africa, Asia, and Europe. We owe to the Arab people this vast renaissance of science and learning at a time when knowledge in Europe was confined to the hidden recesses of large monasteries and men of learning were broken on the torture racks of THE HOLY INQUISITION. We have the example of the mighty Carthaginian Empire, founded in Northern Africa by Semitic people, as further proof that civilizations can flourish under adverse climatic conditions. That area of Africa which lies south of the Sahara Desert, populated by Negro peoples, HAS NEVER IN HISTORY PRODUCED AN INDIGENEOUS CULTURE OR CIVILIZATION. The horrors practiced against whites during the Mau-Mau rebellion in Kenya, the mass rape and mutilation of white women and children in the Congolese rape upon by drunken native soldiers and the brutality practiced most recently against white settlers in Portuguese Angola prove conclusively that the African Negro still remains a mindless savage.

The Congolese savage cannot be compared with the Indonesian, Arab, or Cuban peoples and of whom have recently gained their freedom. These newly liberated nations of Northern Africa, Asia and Latin America are concentrating on building up their respective economies, erecting schools and hospitals, and creating stable governments whereas the Congolese, having suffered all the whips, are now slaughtering their own people by the thousands.

Soviet Russia and the United States are both seeking
of uranium, copper, manganese and bauxite which are in the south of the continent.
and The Rockefeller family alone controls nearly 50,000 shares of the Katanga
mines stock which explains why Nelson Rockefeller EXPRESSED HIS DESIRE TO SEE THE
BOYS TO TURN THE CONGO INTO ANOTHER KOREA. Zionist Jews, numbering some 10,000
are in Katanga trying to win trade concessions from Moïse Tshombe, the Black leader
ruling that vastly rich Congolese province.

We believe that only Arab culture and the Islamic religion can
Negro to raise his standard of living and make use of the vast natural resources buried
in his soil for the uplifting of the entire Africa continent. The Arab and
Negro are indigenes. We believe that both the United States and the Soviet Union
lessen Cold War tensions by standing aside and allowing the Arab and African peoples
work together FOR THE EMERGENCE OF AFRICA INTO THE TWENTIETH CENTURY.

Just as Nasser, Sukarno, Kasseem, and Castro have poured the way to a renaissance
of culture and economic prosperity among the peoples of Africa, Asia and Latin America,
so Adolf Hitler pointed the way to a revitalization of the Aryan peoples of Europe
and Western Europe. The decline of America's power is due to the steady poisoning
that race which created our civilization. We quote from "RACE AND POLITICS" by
English author, Arnold Leese:

"Perhaps the most striking illustration of the fatal effects of...
the condition of the United States or America today. Civilization began in this
country by the invasion of men almost exclusively Aryan in strain--and a new
flourishing continent was in their power. But they forgot their race and...
poisonous Jewish-Masonic doctrine of Universal Brotherhood...
and opened their doors to the wholesale immigration of people from nations...
or no Aryan blood. The result is a sink of corruption...
which the chief value is that of a warning to the Aryan people of the world that RACE
IS THE BASIS OF ALL TRUE POLITICS."

Racial Nationalism seeks to preserve the cultural and economic standards of the
White Race but this does not mean that we seek to persecute or expel other races...
The Negro people can never feel completely at home in an alien white society...
amount of Federal legislation enforce the white man to accept these people as his
"brothers". When the leaders of Ghana and the Congo proclaimed...
other than technicians and skilled artisans, should pack up and leave Africa or the
death, NO AMERICAN OR WEST EUROPEAN PAPERS RAISE THE CRY OF "RACE-PREJUDICE OR
CRIMINATION" BUT WHEN WHITE SOUTHERNERS OR THE GOVERNMENT OF SOUTH AFRICA SEEK TO PRE-
VENT RACIAL CONFLICTS BY SEGREGATING THE RIVAL FACTIONS OF JEWS AND LIBERALS...
A JOURNALISTIC WAR-CRY ACROSS THE ENTIRE EARTH. We consider the people of Ghana and
the Congo to be within their rights in determining what race should be dominant...
their respective nations BUT WE DEMAND THE SAME RIGHTS FOR OUR ARABIC NATIONS. We are
willing to establish trade agreements, exchange students, and to seek to raise the
standards of living of all races and nations BUT WE RESERVE THE RIGHT TO DETERMINE OUR
OWN STANDARDS OF RACE AND POLITICS WITHIN OUR OWN BOUNDARIES. Herein lies the key to
world peace, mutual respect, and a higher standard of living for all.

Thus Rachenau described the fall of the ethic of courage and heroism in the pagan world and its replacement by the equitarian and levelling creed of Christianity and the final conquest by Jews through "DEMOCRACY AND CAPITAL" or rule by the purse. The meteoric

"There is no people in history so narrowly and so ferociously conservative and traditionalist as the People of Israel, and its national traditions are all religious, we find ourselves in the presence of this unique, strange and bizarre composition—a people—religion and a religion-people, the two ideas are inseparable . . . Jewish wealth never benefits the nations in which they reside since it remains within the closely knit circle of the Jewish community which steadfastly refuses to assimilate with their Gentile hosts. The attitude of the Jew toward the Gentile nations in which he lives and prospers has been admirably summed up by the noted Zionist author and lecturer, Dr. Jacob Klatzkin, in his book "KRISIS UND ENTSCHEIDUNG," published in 1921.

"We are not apphenated Jews. we are Jews with no qualifications or reservations. We are simply aliens: we are a foreign people in your midst, and we emphasize, we wish to stay that way. There is a wide gap between you and us, so wide that no bridge can be laid across. Your spirit is alien to us, your myths, legends, habits, customs, traditions and national heritage, your religious and national shrines, your Sundays and holidays . . . They are all alien to us. The history of your triumphs and defeats, your war songs and battle hymns, your heroes and their mighty deeds, your national ambitions and aspirations, they are all alien to us. The boundaries of your lands cannot restrict our movements and your border clashes are not of our concern. Far over and above the frontiers and boundaries of your land **STANDS OUR JEWISH UNITY** . . . Whoever calls the foreign land a Fatherland is a traitor to the Jewish people . . . Jewish heroes in foreign wars mean nothing to us. The Jewish people has no reason to decorate them with medals: they are not Jewish heroes . . . A loyal Jew can never be other than a Jewish patriot . . . We recognize a **NATIONAL UNITY OF DIASPORA JEWS**, no matter in which land they may reside. Therefore no boundaries can restrain us in pursuing our own Jewish policy . . . The Jewish religion is rich in "hedges" which keeps our community intact from foreign influences . . . In contrast to other religions, ours is not a collection

After reading Klatzkin's ravings we can readily understand why Jewish propagandists seek to destroy respect for the Jews national shrines, and patriotic feelings of the host-people among whom they live. Their attempts to mongrelize the White race stock in America while simultaneously stirring up racial disobedience and disrespect for our American flag is also explained by Klatzkin's fundamental JEWISH ENEMY CAN ONLY BE PERPETUATED IN A STATE WHOSE PEOPLE HAVE LOST ALL SENSE OF RACIAL AND NATIONAL PRIDE. Only then could the alien nature of the Jew remain hidden to his Gentile hosts. Hence we find the Jew behind all phases of revolutionary and anti-nationalistic agitation.

ARE SCIENCE AND COMMUNISM

There are two basic reasons why

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

We find the metaphysical un-

WILL ASIATIC HORDES SUBMERGE THE LIGHT OF WESTERN CIVILIZATION? Part 1

James H. Miller

The military hordes of Red China swear fealty to Mao-Tse-Tung, the 20th Century Genghis Khan.

The Red Guards, militant hordes of the Chinese Dragon, shrink their heads in and defiance of the white nations.

A WARNING TO AMERICA

Many readers of the "NRP Bulletin" have been asking when my series of articles on the political and military situation developing in Asia would be completed. I regret to say that the prodigious amount of research, translation from foreign sources, and documentation of facts, which has gone into this series has resulted in a delay of more than two years before we could prepare the final two episodes for printing. We urge our readers to recall the accuracy of our predictions in February, 1965 concerning the terrible efficacy of the Chinese system of defensive warfare from subterranean tunnels which have been constructed both along the mountainous frontiers between Red China and the Soviet Union as well as within the swamps and jungles of Southeast Asia. The grim truth of this prophecy has been catastrophically demonstrated to the American public in 1967 - the bloodiest year of carnage we have yet witnessed in South Vietnam.

North Vietnamese troops, whose counterparts have defied America's Military Power for 6 years, march in Hanoi.

U.S. authorities over 3037 jet aircraft and helicopters have either been destroyed in the ground or a 10th rate military power, namely the Ho-Chi Minh regime of North Vietnam. The Pentagon admits that a heavy bomb had been dropped on that miserable city. It was dropped in Europe during the entire course of World War II. Did our publication not point out that Asian industrial potential was not centralized and could not be destroyed by means of the 'invincible aerial armadas' which Roosevelt used to devastate the cultural treasures of Cologne, Dresden, Berlin etc. The total result of these massive aerial bombardments of North Vietnam has been virtually nil. While enemies of the NRP love to depict our leaders and writers as 'crackpots' and 'members of the Lunatic Fringe' how can these great opponents of both the Liberal and Conservative Establishments explain why the NRP's predictions and warnings in foreign policy, military affairs, and domestic politics have proven almost invariably to be correct in contrast to their own respective 'comedies of errors'? I can state without qualification that our movement is better informed concerning present and future military and political moves in the chess game for world power than either the President of the United States, the U.S. State Dept. or the Pentagon. The record and past accuracy of NRP predictions regarding domestic and foreign affairs speaks more loudly than all the denunciations hurled against us by the Jewish Liberals of the Left or the apostles and spokesmen for the vested interests of wealth and property as represented by the Conservative Right. Both of these credos place economic considerations ahead of nationalism or racial pride hence both factions lack the ability to comprehend the monumental threat to WESTERN CIVILIZATION posed by 800,000,000 Chinese fanatically determined to lead a world colored revolt against the 'WHITE RACE'. Despite the continued opposition of the existing American Power Structure to the NRP stand on world and national affairs, I am deeply heartened by the fact that ever more American colleges and universities have requested back files of the 'NRP-Bulletin' for their respective libraries. Even more significant is the fact that UNIVERSITY MICROFILMS, INC. of Ann Arbor, Michigan has signed a formal contract with our party secretary for the exclusive rights to microfilm our publications on a yearly basis for sale to public and university libraries throughout the world.

Before discussing the historical and philosophical background of the Asian Revolution, whose volcanic rumblings can now be heard and felt throughout the vast areas of the globe inhabited by the dark-skinned races of mankind - including the United States - let me pause to give a warning to America concerning the Chinese penetration of the African continent. When the invasion of the Sinai Peninsula by Israeli forces brought about the closing of the Suez Canal the shipping routes of world trade were altered in such a way that the port cities of South Africa and Portuguese Angola once again assumed a role of major importance in the business and trade circles of Europe and North America. All major powers have been forced to purchase super tankers and ship their cargoes around the Cape of Good Hope by way of Cape Town and Angola. As a result of the new and vital role played by South Africa and Portuguese Angola in world commerce the hate campaign instigated by Jewish Liberals and Christian religious zealots in the British and American press against the 'apartheid policy' which prevents 3 Million creative white people from being submerged in a colored world wave of 10 Million non-creative blacks, has been virtually silenced. Even the hysterical outcries against the Ian Smith government of Rhodesia have become muted

The Black Africans, not understanding this subtle desertion by their Liberal allies in the West, have struck back by opening the floodgates to Chinese penetration of Central Africa. For the last 10 years the Black government of Zambia has sought to interest the French, British, Americans, and Japanese in building a railroad which would connect the vast uranium, copper, manganese, and cadmium deposits of Central Africa with the sea coast in Tanzania. This immense wealth would be shipped to the outside world through the Tanzanian seaport of Dar-es-Salaam, the terminus of this proposed Central African railroad. Since the Zambian government lacked the financial stability to pay for the skilled labor and heavy equipment required for this immense task of jungle clearing and construction all the nations approached had voiced a lack of interest. However, in September, 1967 the governments of Red China and Zambia reached an agreement whereby this vast project would be undertaken without use of heavy equipment. The Chinese have agreed to ship over 100,000 coolies to Zambia & Tanzania in order to build mostly by hand this rail line through the jungle belt to the sea coast. Zambia may repay the cost whenever she is able, most likely never, but the Mao-government insists on the right of their hordes of workers to settle in and become citizens of Zambia! This would place a vast Chinese population directly astride one of the greatest mineral and uranium belts in the world and the penetration of Africa by Asia would be well under way. While stupid American Liberals are screaming about "racial equality" and turning over the riches of Rhodesia and South Africa to the primitive Blacks, these apostles of humanism might consider the examples of Zambia and Tanzania wherein Red China, in her role as Messiah of the Colored World, has reaped so vast a profit from the White man's stupidity in giving up his rulership over these primitive aborigines. Asia stands prepared to demonstrate the art of ruthlessness and "empire building" to the decadent "apostles of human brotherhood" who pose as rulers of the Western democracies.

CAN WESTERN MAN UNDERSTAND THE REVOLUTION IN CHINA ?

If a nation or an individual hopes to defeat its opponent the vital prerequisite lies in having an understanding of the psychological, cultural, and philosophical concepts which have shaped the mentality of one's adversary. We must understand that Asia's spiritual and cultural background of Buddhism, Confucianism, Taoism, and Hinduism causes the average Oriental, who believes in either reincarnation or transmigration of souls after death, to view his individual life as but a minute element in a far wider life-course that flows on for thousands of years until a state of ultimate NIRVANA or spiritual non-entity is reached through merit accrued by the human soul in successive incarnations. The Western mind conversely, under the influence of Judeo-Christian beliefs, conceives of but one life time without reincarnation of the spirit terminating in either eternal joy or punishment. The West lacks the infinite patience and devotion to deep contemplation of metaphysical and spiritual values which characterize the oriental mind. We have substituted a form of materialism whose scientific and technological achievements have made the White race dominant on this earth. Our spiritual heritage, envisioning but one life time for mortal accomplishment, has negated the virtue of patience in the Occidental mind and life in our Western Nations has become a vast treadmill in which the average human being becomes a slave in the economic rat race to attain enough dollars to sustain his existence from day to day. Wage slaves have little time for contemplation of either spiritual or material subjects.

the general history of the world. We have completely neglected the relative importance and, above all, the direction of our national policy should take. Thus the territory of the United States is treated by us as a small patch of land chosen on the surface of this sphere for no better reason, it seems, than because the Americans, like the Chinese, are either made to revolve around this pole in an modest or are ignored altogether by the general American public. To us, in the Western Society, it is self-evident that the existence of Washington, D. C., Paris, Florence or Athens is more important than that of Lo-Yang.

But is it not catastrophic for us to found our concepts of world history on such shaky and untenable foundations? If this were the proper method of historical evaluation, then the Chinese historian is quite entitled to frame a world history in which our American War of Independence, our Civil War, as well as Europe's entire history since then and before, are passed over in silence as insignificant. That this latter was actually the case - the Chinese have now learned to their greatest sorrow - it is the genius of a Mao-Tse-Tung to arouse his sleeping nation and show his 800 million Chinese subjects how utterly ridiculous - and dangerous - it is to treat the whole of European and American history, approved and disordered, as a mere appendix-matter in relation to China's well ordered and well-probed 8000 year long history.

The most appropriate designation of our current American scheme of history in which all great Cultures are made to follow orbits around US as the presumed centre of ALL world-happenings, is the PTOLEMAIC system of history in contrast to the COPERNICAN discovery in the historical sphere. (Those familiar with the science of astronomy will recall the ptolemaic system as the fallacious belief that our planet Earth was the centre of the universe around which the sun, planets, and fixed stars revolved. This early belief was shattered by Nicholas Copernicus, the famed Polish astronomer, whose scientific findings placed our Earth in its proper aspect as one of the nine planets circling the sun in elliptical orbits to form the Solar System which in turn is but a minute part of an immense galaxy of stars contained within the infinite vastness of space.)

If we expect to survive as a nation we had best to speedily convert our antiquated ptolemaic version of history into a modernized and factual COPERNICAN system which does not mistakenly visualize a privileged and exalted position for our Judaized and Niggerized 'American Culture' vis-a-vis that of other Cultures in general and Chinese Culture in particular. Hitherto in formulating world policies the United States has squandered an incredible amount of intellect and power in false directions. This has been so mainly because Americans have failed to realize that in the present global struggle, neither the Soviets nor the Western Powers will have the least chance of winning the moment those 'neutrals', those 'non-aligned' nations, realize and become aware of their own POWER and utilize this power for their own benefit instead of placing their unlimited resources at the disposal of either Moscow or Washington as a help in their struggle for world-hegemony. The numerically strongest group among these 'neutrals' are of course the 1,200 million Asians. And among these, the 800 million Chinese undoubtedly have the best chance to become the undisputed leaders of those 'non-aligned' nations which have finally discovered that liberty and bread grow on one and the same tree. Therefore with Red China leading a world revolution by the colored masses throughout the en-

... becomes decisive and...
events in Eurasia in general and those in China in particular. The...
persistence and untiring, single-minded pursuit of a goal by our Asian enemies may be
demonstrated by a statement of Mao in October, 1952: "We will win. What is
a thousand years to us - or a million temporary reverses? We will win."

In the following pages we attempt to show what ACTUALLY caused China to revolt
against the West, how far this revolution has progressed, and what ultimately will
be the result of this revolution with respect to its impact upon the cultural and political
structure of the entire world. If Kang-Fu-Tse demanded millennia ago from every
individual "the adjustment of one's own heart", in short a very rigorous understand-
ing of one's own self, as the prime condition "for understanding the world"
so let us hope, that the American people have the heart to put themselves, for a mo-
ment, in the shoes of a Chinaman and then attempt to picture for themselves how they
would think and act in regard to the "outer world". It becomes obvious that this is
a difficult task for the Western mind when we realize that the background for all Asian
thinking is a concrete INFINITY, the infinity of SPACE and TIME - which no
Westerner possesses.

THE PHILOSOPHICAL ROOTS OF THE CHINESE REVOLUTION

Today we are fighting in Vietnam for the professed goal of halting the Chinese Com-
munist advance in Asia so as to make the Orient safe for the blessings of American
"democracy" and American "Culture". Saigon in South Vietnam, Vientiane in Laos,
and Bangkok in Thailand have experienced this wave of "American Democracy and
Culture" in the form of a multi-million dollar Black Market in military and commer-
cial goods, an endless array of saloons and whore houses to serve both Negro and
White GI's and their young Asian concubines, thousands of unwanted, illegitimate
children THAT WILL NEVER BE ACCEPTED IN ASIAN SOCIETY BECAUSE EVEN
THE RELATIVELY PRIMITIVE THAIS, LAOTIANS, AND VIETNAMESE PEASANTS
HAVE A GREATER PRIDE IN THEIR RACIAL HERITAGE THAN WHITE MEN WHO
GREW UP IN THE WEB OF JUDAIC THINKING WHICH COMPRISES OUR AMERICAN
"EDUCATIONAL SYSTEM" etc. To climax matters we now discover that Amer-
ican soldiers, like the nihilistic mobs of bearded, sandaled, and generally contempt-
ible "hippies", "beatniks", "queers", and socially undesirable misfits that comprise
"democratic" youth on American college campuses, are getting doped up on marijuana
while on military duty in Vietnam! I regret to say that escape from reality through
hallucinogenic drugs and sexual orgies, which takes the place of healthy idealism as
found in all strata of authoritarian youth, has become a normally accepted routine with-
in the context of "the permissive society" designed by Jewish intellectuals in the
United States. Unfortunately Americans, whether military men or tourists, carry this
vile mental contagion to all parts of the earth which explains why the United States
formerly admired and respected even by her enemies, has now become the most hated
nation on earth! Foreigners see reflected in American tourists or GI's the loathsome
cultural aberrations of the Jew, whose people mold the environment and thinking of the
American Public!

Asian thinking has never been cursed with Liberal Democratic beliefs in the fundamen-
tal equality of all human beings. On May 15, 1834 there appeared in the "Revue des
Deux Mondes" the following article by Tscheng Ki-Tong:
"After a 10 year long sojourn in Europe, and after profound studies of the cultural in-
stitutions and philosophies of the West, I still to this day ask myself in vain which pri-

ciple vested in any European or American institution is worthy to be called a democratic or liberal"

Tscheng Ki-Tong found ridiculous the specifically Western notion that selection for political office should be determined by the will of the majority as expressed by the ballot box. That the destiny of a nation should be dependent upon the caprice and thoughtlessness of a majority which, more often than not, is moved by the most base forms of emotionalism rather than by the interest and needs of the nation. Ballot box democracy is to my mind more an Anglo-Saxon aberration than a universal Western doctrine. To illustrate: The French Revolution was inspired in the main by English ideas. A thorough analysis of this phenomenon may be found in Spengler's 'DECLINE OF THE WEST'.

Tscheng Ki-Tong continued his dissertation as follows: "If one were to propose the selection of the members of the French Academy of Sciences by the same majority system as exercised now in the selection of the Western state-governing 'Elite', one would find oneself exposed to a monstrous and contemptuous laughter. Yet I ask: Is it not much more portentous to select the shapers of our political FATE by the VOICE OF THE MOB than to let a majority of NITWITS judge over the composition of a scientific body? Is there today in Europe the slightest chance that the knowledge, ability, and nobility of character ALONE - regardless of any other 'boosting' relationship, can seat a man on the throne? In China - YES, in Europe - NEVER!"

Thus wrote a Chinese in 1884, . . . and his statements concerning the methods of political selection in China, has been exercised there for over 2000 years! For long before the Han Dynasty (AD 206-220) Confucianism had become the 'state-ethics' and the official basis for the forming of every administrative body in China. Until the alien 'thinking in money' made inroads during the 19th century, Confucianism had remained the backbone of this mighty land where it shaped the structure of all phases of Chinese society. The instrument for exercising the observance and perseverance of this Confucian society through the controlled activity of innumerable small and local organisms was the HAN-LIN Academy, founded in 124 B C. This illustrious and unique state-controlled organization lasted until 1905! Only 200 (and later 232) of the proven masters in the Confucian "Way of Reason" and "Way of Right" were invited 21 centuries ago by Emperor Wu-Ti to his palace and were given the authority to act as a selective board in determining the nomination of any individual Chinese political official. . . . including the emperor himself. The first members of the HAN-LIN Academy were selected by the emperor but from then on, until 1905, the members of this illustrious academy were the sole judges concerning the admission of every new candidate. Every 3 years, only 1 Chinese in two million had the good fortune to be elected to this academy of the intellectual and spiritual elite on the basis of an outstanding spiritual capability. Like wild-fire the name of each new member travelled to all parts of this huge land, even into the most lonely peasant hamlet.

So tremendous was the public esteem for the HAN-LIN Academy that not even foreign invaders like the Mongols and Manchus dared to molest a single member of the truly sovereign HAN-LIN Academy. We, in the NRP, who believe in the creation of a "GOVERNMENT BY THE INTELLECTUAL ELITE" may learn much from this marvelous creation of Chinese ingenuity. Nowhere in the entire world has there ever existed such a efficient, all encompassing ETHICAL institution for the control of the cultural and political life of a great nation. It was in many ways reminiscent of Plato's belief in a government by philosopher-kings. Yet, this all-pervading control was exercised in such a tactful way - mainly through Clan association, that the average Chinese citizen hardly felt any "state" intervention at all. Thus a means of

Government was achieved and upheld by the most personal and organic of all social forms - the family and the clan. Because the members of this society and a dominant body had their roots in every stratum of the population, China was the only nation in the world where the city dweller and the rural peasant could live in complete harmony without the clash of interests, which together with the growing alienation of the individual from the society, constitutes the hallmark of our contemporary restless Western Civilization. Indeed, the difference between the Chinese city-dweller and the peasant cannot be recognized. The spiritual force of long ages of tradition and "elite" rule succeeded in implanting a national conscience unfettered by economic or other artificial means.

That Mao-tse-tung was victorious should surprise nobody. For, this son of a peasant acquired during his long career as a librarian at Peking University a thorough knowledge of the history of his fatherland, and a more than average understanding of the teaching of China's famous thinkers. No wonder that none of his closest collaborators is a 'Proletarian', but rather an 'intellectual' in the sense of the former members of the HAN-LIN Academy!

And in Red China today, as soon as any question of national importance arises it is instantly open for debate among the lower political bodies throughout the entire country. However, as soon as the Politbureau (the modernized version of the HAN-LIN Academy with Mao at the helm, has come to a final decision after carefully weighing the arguments of the lower political bodies, THIS DECISION BECOMES ABSOLUTE LAW. These LAWS are respected and observed to the letter by every Chinese citizen. This Chinese 'communism', quite in contrast to that of the Ukase-producing ever suspicious, doctrinaires in the Kremlin, resembles more a monastic institution held together by a most rigid discipline such as was found in isolated monasteries of Far Eastern Tibet or in the Buddhist monasteries and temples in China and Southeast Asia. For the benefit of his 'Russian brethren' Mao declared and still declares himself to be a 'Marxist'. But, with the passing of every day, we hear ever more about Mao's deep and purely national feeling which alone permits both he and his advisers to interpret, and judge, the recommendations of the lower political echelons as aired within innumerable assemblies... whereas in 'Russia' only about 5 million Communists dictate the law for 200 million 'Russians'.

Since time immemorial the Chinese despised any orthodox thinking and made out of every exaggerated Logic and Casuistic a laughing stock not only for the few wise and learned men, but for the entire population. For millennia, the Chinese 'Way of Life' had always a down-to-earth practical purpose, and this practical adaptability to any combination of natural and human events surpassed that of every other nation. Up to this present day, the Chinese has never lost for one moment his trademark sense of REALITY. And we repeat: Only because all his reforms, and his every tactical, remained so much closer to reality, was it possible for Mao and his staff to gain victory over Chiang Kai-Shek and the unlimited power of his backers, the military establishment of the United States.

Mao did away with these mortal enemies, just as he did away with the third intruder, the 'Russian' Communists! Already we can hear Mao's laughter at those 'blind pigs' in the Kremlin, at those non-Russian doctrinaires who seized for themselves the role of Apostles for spreading the 'purity', infallibility, and finality of the doctrines of Marx and Lenin. And here we cannot emphasize sufficiently that Mao's boasting in Moscow of being 'the real McCoy' in the Marx-Lenin camp is motivated by nothing else than a most clever anti-Russian master plan to keep the Kremlin doctrinaires eternally split, not only among themselves, but also from the entire world-

Communist camp. Almost daily, the Chinese administration deems it appropriate to spread articles in pamphlet form throughout their mighty land about the "Kremlinists, who are unable to shed their Byzantine skins"; who still believe in the "everlasting truth" of their holy bible "DAS KAPITAL", who supplant "the original explanation" of their holy bible "DAS KAPITAL" by various methods of distorted citations and and spiritual mastering of REALITY by various methods of distorted citations and interpretation." The sharp and quick-sighted Chinaman absorbs in delight this polemic against Moscow with its distortion of reality in the name of orthodoxy.

We, here in America, have no idea of the intensity of Mao's spiritual offensive against Moscow (within China's borders). It may shock many of both my left-wing and right-wing readers when they read the following excerpt of a letter by Mao addressed to the Department of Theoretical Physics in Peking (April 1, 1965):

Mao's article dealt with the symmetrical difficulty of modern mechanics, and began by demonstrating Faraday's metaphysical resemblance to Newton whose "forces-at-a-distance" point to a mystical background. And he concluded his dissertation with the following quotation of a speech by Lenin which undoubtedly represents one of the most stupid utterances emanating from the mouth of a "world celebrity":

Lenin: "There is no doubt that the concept of infinite space as understood even by our Soviet Culture, is a Symbol of the first order. However marvellous from the point of view of common human intellect the transformation of the unweighable ether into weighable material; however strange the electron's lack of any electro-magnetic mass; however unusual the restriction of the mechanical laws of motion to but one realm of natural phenomena and their subordination to the deeper laws of electro-magnetic phenomena, and so on - all this is but another confirmation of dialectic materialism.

And then Mao remarked: "Never was greater nonsense uttered by a great man!"

And here is another quote from one of Mao's anti-Soviet pamphlets (May 16, 1965):
".....There is no doubt, however REASON may contest it that spatial extension is capable of infinite variety, and it certainly operated differently between a Chinese savant and a Kremlinist. Every physicist - Greek, Russian, Chinese - has dissected "nature" into ultimate elements, and how is it that they have not all discovered the same? Because everyone (and not in the least the Kremlinists) believed - with a naivete that was really a defense of his world-outlook - that all others should have it in common with himself."

In the same pamphlet, Mao criticized the Soviet philosophical interpretation of the Quantum Theory, which despite innumerable experimental proofs to the contrary - would never lead these Russian doctrinaires away from their simple materialistic views that prevailed in the natural sciences of 19th Century Europe. And then Mao continues:

"The acerbity of the criticism of these blind Soviet 'enlighteners' shows that there we have to do not with science, but with a confession of an almost Talmudic faith in a stubborn adherence to a creed that will never relinquish the claim to absolute and final infallibility."

Both the Kremlin doctrinaires and those pseudo-intellectuals within our Western orbit who seek to force SCIENCE and REALITY into molds which fit either the political concepts of Russian dialectical materialism or the Judeo-Christian dogma prevalent in the United States and Western Europe, of the universal Brotherhood of all mankind regardless of RACE, CREED, or COLOR - are seeking to distort

REALITY for their own sinister purposes. We have our crackpot pseudo-scientists like Ashley Montagu and Gunnar Myrdal who, ignoring the disastrous results of forced racial integration in all walks of American life, still loudly proclaim the need for complete assimilation between negroes and whites despite the prodigious cultural gap existant between these racial groups. A entire generation of White children has been deprived of adequate education because our schools use perverted texts written by scientific quacks in the service of the Liberal Jewish Establishment, whose sole purpose is to distort the REALITY of RACIAL INEQUALITY into their pre conceived Utopia patterned on Talmudic myths of ONE WORLD INHABITED BY A BROWN-SKINNED MIXED RACE WHICH IS TO BE DOMINATED FROM JERUSALEM BY THE HEBREW DESCENDANTS OF ABRAHAM WHO KEPT THEIR BLOOD PURE.

At least the Chinese can dissect REALITY from MYTH, something which neither a fanatic Russian Marxist or a Western Jewish Talmudist has yet been able to do.

Its about time that White people learned to cast out this alien equalitarian thinking which has distorted Aryan Culture UNLESS WE WANT THE CHINESE TO CONQUER AND REMODEL OUR WESTERN SOCIETY IN AN ORIENTAL IMAGE' WE MUST AWAKEN OR PERISH !

America at the Crossroads: Authoritarianism or Chaos?

James H. Madole

A glimmer of light has finally appeared in American scientific circles which previously have always elected to sacrifice the pure truth of scientific fact on the altar of political expediency. At this point three recognized scientific and educational authorities have actually dared to question the sacred Liberal dogma that all racial groups are inherently equal. Dr. William Shockley, a Nobel Prize winning American physicist at Stanford University, has stated that our nation is undergoing serious "down-breeding" of its racial stock by the huge illegitimate birth rate among Negroes of low inborn intelligence. Shockley also pointed out a somewhat lower increase among illegitimate

children born to Whites of low intellect. Secondly, Shockley stressed that Blacks are, as a rule, born mentally inferior to Whites and that our educational system should reflect this simple genetic fact rather than lowering America's standards of intelligence to meet the needs of aborigines. As an immediate example of this practice, a passing grade in High School geometry was 75% in 1945, it became 65% after the 1954 Supreme Court decision on school integration, and in June 1969 it was lowered to 55% so that 14,000 black geniuses could be released into the American intellectual community.

Meanwhile the Russian and Chinese educational standards are both state-subsidized and require ever-greater degrees of scholastic achievement on the part of their students prior to the granting of any degree. Ultimately this idioecy of accommodating the American educational system to the mental needs of hopeless, primitive racial groups will spell disaster to America's ability to compete with Soviet Russia and Red China both in nuclear research and in the exploration of Outer Space. There is no room for misguided sentiment on the part of Christian zealots when their pious whimperings about "human equality" endanger the welfare of Aryan Man's destiny in the SPACE AGE. When Dr. Shockley presented his views to The National Academy of Sciences, the leading scientific body in the United States and requested that a study of heredity and its effect on the Race Question be undertaken by that eminent body, he was refused by a vote of 200 to 10! In a similar vein Dr. Herbert E. Warfel was forced to resign his position as superintendent of Caribbean Consolidated Schools in San Juan, Puerto Rico because of a speech delivered to the Rotary Club in which he blamed the violence on American university campuses to the hereditary inferiority of Negro students. Dr. Warfel attributed his information to an article in the "Harvard Educational Review" by Dr. Arthur Jensen, a professor of educational psychology at the University of California, which stressed that Negroes are genetically, and therefore mentally, inferior to White. Tremendous pressure is being exerted by the tax-exempt Ford and Rockefeller Foundations as well as Jewish millionaires who subsidize American educational institutions and scientific research projects to stifle these voices of rebellion in academic circles. Only by understanding the Mes

sianic religion of World Jewry based upon ancient Talmudic doctrine can we gain an insight into the maniacal will of "God's chosen people" to break down all racial and class barriers in the Gentile World. It was best expressed in a letter from Baruch Levy to Karl Marx as follows:

"The Jewish People, taken collectively, will be its own Messiah. It will attain to mastery of the world through the union of all other human races, through abolition of boundaries and monarchies, which are the bulwarks of particularism, and through the erection of a universal Republic in which the Jews will everywhere enjoy universal rights. In this new organization of mankind the sons of Israel will spread themselves over the whole inhabited world and they, since they belong all to the same race and culture-tradition without at the same time having a definite nationality, form the leading elements without finding opposition. The government of the nations, which will make up this universal Republic, will pass without effort into the hands of the Israelites, by the very fact of the victory of the proletariat. The Jewish race can then do away with private property, and after that everywhere administer the public funds. Then shall the promises of the Talmud be fulfilled. When the time of the Messiah has come the Jews will hold in their hands the key to the wealth of the world." The Jew, because of his messianic Talmudic beliefs, will always be the spiritual enemy of Aryan Man. By his very nature the Jew must work for the ethical, cultural, and racial destruction of Aryan society. Democracy, or rule by the politically unsophisticated mob is the tool used by the Hebraic leadership to fuse the hordes of primitive, illiterate Negroes and half-castes the social outcasts and economic failures in the lower echelons of the White Race, and the starry-eyed religious zealots and budding social reformers among the upper class of White society into the massive base needed to uphold the pyramid of Jewish political and economic power in the Western World. Read again the text of Baruch Levy's letter to Karl Marx and you will grasp the basic psychology of the Jewish mind which makes him forever the mortal antagonist of Aryan Man.

If Aryan Man is to survive and multiply he must learn to see the universe in the light of Cosmic Law rather than de

using ridiculous anthropomorphic Gods, shaped from the Hebrew fantasies of the Old Testament, which in turn were plagiarized from still more ancient Babylonian, Assyrian, and Akkadian myths of the Great Flood, Adam and Eve, etc. Under the poisonous opiate of Judeo-Christian mythology our Aryan manhood has been corroded into accepting as virtues such despicable, effeminate characteristics as humility meekness, glorification of cowardice and weakness on the part of the individual, and love for those who have sworn to destroy us! We forget that 500 million years of organic evolution on this planet demonstrates the inflexible Cosmic Law of necessary struggle between different species of plants and animals coupled with a process of Natural Selection to weed out the unfit and thus assure the *survival of the fittest!*

Aryan Man, under Hebrew guidance, has chosen to accept an Old Testament anthropomorphic God, shaped in his own image, and then given further affront to Cosmic Reality by placing words in the mouth of their man-made "God" which directly contravene the Laws of Nature, which we assume must be the Laws of the true Cosmic Divinity else they could not exist! Because Racial Nationalists must learn to combat with logic the delusions of well-meaning Christians who have been ruthlessly deluded into fighting against their own racial interests by a profit-minded Church Hierarchy, I strongly suggest that our readers purchase copies of "The Great Secret" by M. Maeterlinck, a Belgian Nobel prize winner, who traces the history of religion and the true nature of that Cosmic Force we call "God." I might also suggest "The Twilight of the Idols" and "The Anti-Christ" by Friedrich Nietzsche and "Imperium" by Francis P. Yockey as the foundation stones of a needed philosophy for Aryan Man. All can be found on our book list this month.

The myth of racial equality promoted by fuzzy-minded clergymen on soul saving missions to Africa, by reactionary business entrepreneurs seeking new consumer markets without regard to the racial welfare of America, and by Jewish pseudo-scientists like Ashley Montagu (Ehrenberg), Sir Basil Davidson of "The Lost Cities Of Africa" fame, Ruth Benedict and Gene Weltfish (whose works are usually sponsored by the Anti-Defamation League of B'nai B'rith) has brought Aryan Society to

the brink of doom on the North American Continent. Honest scientists like Dr. William Shockley, Dr. Herbert Warfel, and Dr. Arthur Jensen are fired from their eminent positions or ridiculed into silence by the kept media of communication with the American public. The results of downgrading the racial stock in our nation may be seen by the astronomical rise in the crime rate, particularly in major urban centers where Blacks are fast becoming the chief inhabitants, and in figures put out by the U. S. Census Bureau which point out that approximately 141,000 White Americans were fleeing our cities yearly in the period 1960-1966 but in the period 1968-1969 they are leaving at a rate of 500,000 per annum. With the productive racial elements fleeing to Suburbia our cities can no longer meet their financial needs since the colored population are totally unskilled and a burden on the few remaining taxpayers. Hence Aryan civilization is dying a slow death in the United States as the colored birth-rate soars and the White birth-rate steadily diminishes!

Those who oppose the NRP because of its authoritarian nature must eventually come to grips with the fact that Conservative leadership comprised of men like George Wallace, William Buckley, Jr., and Strom Thurmond is ideologically enslaved to the principles of 19th Century Constitutional government and the Judeo-Christian ethic. If one of these products of a bygone age were placed at the helm of our Ship of State, what steps could he take, under the provisions of Constitutional Law, to halt the Black birth-rate and remove 25 million racial inferiors from our American shores? What remedial action could be taken, under the aegis of that Constitution which our immature Conservatives idolize as a semi-Divine document, to smash the political and economic influence of American Jewry which has proven so detrimental to Aryan interests? Only a dictatorship has the unlimited power to act against those racial elements whose very existence within our nation endangers the future survival of Aryan Man? If they continue to breed like rabbits we shall find that under the democratic principle of "One Man, One Vote," with the Constitution still intact, our racial inferiors will vote Aryan Man out of existence or into slavery to primitive savages! Messrs. Thurmond, Wallace, or Buckley would simply be voted out of political office by the future Black majority.

Because I do not subscribe to the ridiculous Judeo-Christian concepts of love, compassion and mercy toward my enemies and the sworn foes of Aryan Man. I feel uniquely qualified to build this movement. I want the young men in the National Renaissance Party to have the unbowed pride of Lucifer who, upon his defeat by the hosts of Heaven, hurled his defiance in the phrase "Better to reign in Hell than serve in Heaven." I want them to have the physical stamina and relentless perseverance of a pack of timber wolves. I want them to cultivate wisdom and desire for knowledge which can raise their minds to a God-like level and, above all, I want them to hate with a passion to match the fiery pits of hell; for only those who can hate their enemies with a vengeance can know true love for their own Race and Nation! From these young Americans who join us now we shall create a superior race of human beings hampered by the false virtues of humility, love for enemies, meekness, compassion toward inferiors who menace the future of Aryan Man in the Space Age, and charity towards failures. Instead Aryan Man will have the true virtues of courage, devotion toward duty, a mind which seeks out the hidden facets of Nature and uses them to enrich the Racial Community and pride in his personal and collective achievements. Thus the NRP sends out its challenge to the people of America: *authoritarianism or chaos!*

Is the Concept of Race Evil?

James H. Madole

The chief exponents and political theorists of both Marxism and Capitalism are united in their mutual hatred of those courageous souls who dare to proclaim that *race* and not *economic factors* determines the capacity of a nation to survive and erect pillars for a mighty civilization. The National Renaissance Party believes that *quality* is more essential than *quantity* in building the edifice of a Racial National State on the North American Continent hence we are slowly but surely creating a *leadership cadre* that can withstand both success and defeat yet always return undaunted to the battle for our race and nation. Some few will fall by the wayside because they were fundamentally too weak for this kind of struggle but those who remain after passing through every form of adversity will *be as gods among mortal men*! To these men I look to create an Aryan Empire greater than Imperial Rome under the Caesars or Egypt under the Pharaohs.

The racial philosophy of the NRP dictates that humanity, like all other forms of life, must live in accordance with the immutable Laws of Nature which govern the universe and not seek to develop humanistic, man-made creeds which attempt to nurture and protect those racial elements whose capacity

for civilization and progress is absolutely nil. These un-natural credos largely promulgated by Jews and Christian religious fanatics, have flagrantly violated cosmic law with the result that America is rapidly degenerating into a "Welfare State" overflowing with non productive, illiterate Negroid-White, Negroid-Indian, and Negroid-Asian hybrids whom the productive Aryan remnant of our population must support through excessive taxation. A mixed race can never form a sufficiently powerful base to support the pyramid of civilization as any tourist who has travelled in Brazil, Central America, the Caribbean Islands or the sub continent of India can tell you from bitter personal experience. Because the NRP places the concept of *race* foremost in its program for the resurrection of White Civilization in the United States both Marxists and Conservatives have reviled us in their periodicals. Both of these fallacious economic dogmas glorify the "mass-man" although both Russian Communism and American Capitalism are confronted with the irrevocable Natural Law which dictates that *quality* will rise above *quantity* through the process of Natural Selection of competition between individuals, nations or races. This holds true whether in a primitive jungle environment or in the steel, glass, and concrete metropolis of modern industrial society. Sometimes when puny humanity becomes "over-civilized" they sink into decadence and make vain efforts to overcome the Laws of the Universe (which are the Laws of the Cosmic Architect or Creator) by encouraging the survival of the weakling and the mindless primitive but those fools who dare to transgress against Nature are ever doomed to retribution through extinction of their species.

The NRP is not concerned with flattering subhumans in order to assure American Capitalist consumer markets in Africa or amongst Afro-Americans and half castes. Fitness to survive in this universe is determined solely by struggle hence men with high intelligence encased in strong bodies and Aryan women whose beauty, inner strength, and femininity will make them fit mothers and devoted wives. A new humanity, not Capitalist consumer markets, will assure the future mastery of this globe by *Aryan man*. Our leaders will not be "mass-men" or political hacks produced from a ballot box as were Nixon, Johnson, Eisenhower, Truman ad nauseam but rather

men who embody the collective will and genius of our race, the philosopher-kings of Plato incarnated within a God-like personality. These leaders will not be motivated by false humanitarian considerations but solely by the current needs of the Aryan Race whose collective will they physically embody. The early ancestors of present-day humanity, the Cro-Magnon and Grimaldi men, expressed by instinct their obedience to Natural Law when they first came into physical contact with the bestial Neanderthal species of submen. There was no rage and cry for "civil rights" by our more sensible ancestors. We quote from *Outline of History* by the renowned historian, H. G. Wells: "The appearance of these truly human post-glacial Palaeolithic peoples was certainly an enormous leap forward in the history of mankind. Both of these main races had a human forebrain, a human hand, an intelligence very like our own. They dispossessed the Neanderthal from his caverns and his stone quarries. And they agreed with modern ethnologists, (students of race) it would seem, in regarding him as a different species. Unlike most savage conquerors who take the women of the defeated side for their own and interbreed with them, it would seem that the true men would have nothing to do with the Neanderthal race, women or men. There is no trace of any intermixture between the races in spite of the fact that the newcomers, being also first users, were establishing themselves in the very same spots that their predecessors had occupied."

We know nothing of the appearance of the Neanderthal man, but this absence of intermixture seems to suggest an extreme hairiness, an ugliness, or a repulsive strangeness over and above his low forehead, his beetle brows, his ape neck, and his inferior stature. Or he—and she—may have been too fierce to tame. Says Sir Harry Johnston in a survey of the rise of modern man in his *Views and Reviews*: "The dim racial remembrance of such gorilla-like monsters, with cunning brains, shambling gait, hairy bodies, strong teeth, and possibly cannibalistic tendencies, may be the germ of the ogre in folklore." Life has been a constant struggle between opposing species, races, and nations for living space, sustenance, the right to procreate, and the right to dominate lesser species. Every species of living creature, whether plant or animal, struggles for

survival against those who seek to supplant it and Nature and the *Cosmic Deity* through the process of evolution (both mental and physical) will ever develop new more adaptable, mentally superior organisms. This struggle amongst life forms has been going on for at least 500 million years on this planet alone. The procession of life over this vast time period was beautifully portrayed by A. Merritt in his book *The Metal Monster*, as follows:

Nor is Jehovah the God of myriads of millions who through those same centuries, and centuries upon centuries before them, found earth a garden and a grave — and all these countless gods and goddesses only phantom barriers by man to stand between him and the eternal forces man's instinct has always warned him are ever in readiness to destroy. That do destroy him as soon as his vigilance relaxes, his resistance weakens—the eternal, ruthless law that will annihilate humanity the instant it runs counter to that law and turns its will and strength against itself . . .

Weaklings praying for miracles to make easy the path their own wits should clear. Beggars who whine for alms from dreams. Shirkers each struggling to place upon his God the burden whose carrying and whose carrying alone can give him strength to walk free and unafraid, himself godlike among the stars. Dominion over all the earth? Yes—as long as man is fit to rule, no longer. Science has warned us. Where was the mammal when the giant reptiles reigned? Slinking hidden and afraid in the dark and secret places. Yet man sprang from these skulking beasts. For how long a time in the history of the earth has man been master of it? For a breath—for a cloud's passing. And will remain master only until something grown stronger wrests mastery from him even as he wrested it from his ravening kind—as they took it from the reptiles as did the reptiles from the giant saurians—which snatched it from the nightmare rulers of the Triassic—and so down to whatever held sway in the murk of earth dawn. Life! Life! Life everywhere struggling for completion! Life crowding other life aside, bat-

thing for its moment of supremacy gaining it, holding it for one rise and fall of the wings of time beating through eternity—and then—hurled down, trampled under the feet of another straining life whose hour has struck . . . Life crowding outside every barred threshold in a million circling worlds, yes, in a million rushing universes, pressing against the doors, bursting them down, overwhelming, forcing out those dwellers who had thought themselves so secure.

You can see that Natural Law which governs this universe has no use for clichés about tolerance and "brotherly love." This liberal democratic nonsense is purely a self-destructive impulse on the part of weaklings and misfits to rationalize their failure in the competition of life. Such human failures and freaks of nature as sex perverts, nihilists, religious crackpots seeking utopian phantasms in which the weak always supplant the strong and healthy, these are the sub-humans in our Western Society who combine with racial inferiors to overthrow Western Civilization. We quote from an article entitled "Der Untermensch," or "Sub-Man," published by the education division of the Nazi SS in 1942: "As night rises against day, as light and shade are each other's eternal enemies, so the greatest enemy of man—of man, the master of this universe—is man himself. Sub-man, the biologically apparently quite similar creation of nature, with hands, feet, and a sort of brain. But it is a very different sort of creature, a terrifying creature—a mere projection of a man. His features may resemble man, but intellectually, spiritually, he is lower than any animal. His inmost being is a cruel chaos of wild unbridled passions—an unbounded will to destruction, the most primitive desires, undisguised baseness. Sub-man, nothing else! For not all is equal that bears the human face. Woe to him who forgets that! Whatever this earth has produced by way of great works, thoughts, and arts, man has thought of it, created it, completed it. Man contemplated, man invented. Man had but one aim: to work his way up to a high existence, to complete the incomplete, to replace the imperfect with the better. Thus culture grew. Thus the plough came into existence, thus tools, thus the house. Thus man became social. Thus the

family was created, and the nation, and the state. Thus man became good and great. Thus he excelled all other living creatures. Thus he became God's neighbor! But sub man lived, too. He hated the work of the other. He raged against it—secretly as a thief, publicly, as a slangerer, as a murderer. Like foud like Beast called to beast. Never did sub man give peace. For what he needed was semi darkness, was chaos. He shunned the light of cultural progress. What he needed for his selfpreservation was the morass, was hell, not the sun. And this sub-world of sub-man found its leader: *the eternal Jew* . . . "

AMERICA'S CHOICE: DICTATORSHIP OR TOTAL CHAOS!

by James H. Malone

How much longer will the American people tolerate being deprived of their rights to a government that is reflected in the skyrocketing rate of unemployment, since our so-called government's partisanship in behalf of Israel, during the Yom Kippur War, brought on an Arab oil embargo against America, refused to demand a Israeli pullback from all Arab territories seized by the Jews in the 1967 Mid East crisis, how much longer will we permit the pillage of major American industries, as witness the destruction and the tracking automobile firing station, airplane, plastics, and railroad enterprises brought in by the "Oil and Energy Crisis" created by the Israeli American investments sent winging to Israel by our traitorous politicians, how much longer will we keep in existence a form of government which puts 250,000 American soldiers on "Red Alert" and nearly triggers a nuclear war between the USA and Soviet Russia in order to save 3 million Jews in the sand dunes of Palestine? America needs not Jews! Our Senator from Jerusalem, Henry "Scoop" Jackson, is now seeking to use our Kasher News Media to focus the attention of a gullible American public on the unpopular big oil conglomerates as the villains in the "Oil and Energy Crisis". As stated before in our "NRP Bulletin", Senator Jackson long ago sold his rather threadbare soul to the Zionist Lobby in Washington (after he bought back from Boeing Aircraft, in the hopes of gaining massive American Jewish support for his presidential bid in 1976. By diverting our collective attention from American Jewry, which used its power in the communications media and the world of finance to cause our political hacks to pour gigantic military and financial aid into Israel thus violently antagonizing the entire Islamic world, and placing the justifiable wrath of native Americans on either the oil magnate or President Richard "Watergate" Nixon - Senator Henry Jackson earns his place in history beside Judas Iscariot and Benedict Arnold!

All American patriots owe Dr. William Pierce, Leader of the National Youth Alliance, a debt of gratitude for his exposure of the Jewish multi-millionaire refugee from Hitler's Europe (those gas ovens were far over-rated, Michel Fribourg, who is now the owner of Continental Grain Company in New York City and the biggest grain speculator in the world. According to Pierce the Fribourgs are to international grain trading what the Rothschilds are to international banking. This conniving Jew, funding that Soviet Russia was suffering from a wheat shortage brought on by poor harvest in 1972, made an agreement with the National Administration whereby Fribourg would sell at bargain basement prices over 1.4 of America's entire wheat crop and millions of tons of soybeans, corn, oats

and other grains to the Russian Government! To add insult to injury this kosher wheat sale which caused skyrocketing food prices in American supermarkets and grocery stores throughout the USA was subsidized by Federal Funds (some \$400 million worth of the taxpayers' money donated by Federal crooked politicians). To show the equal culpability of your "elected representatives" with the alien Jewish speculators let it be known that the Nixon Administration permitted the Kosher gang at Continental Grain Company inclusive of its owner, Michel Fribourg, its Senior Vice President Bernard Steinweg, and Myron Laserson and M. B. Berenblum, to buy up the American wheat crop at deflated prices by keeping a lid of secrecy on the kosher grain deal with the Soviets. When the news finally leaked our wheat prices jumped by 70% but only the Jewish speculators and their "political friends" gained on the stock market!

The summer of 1973 has brought a rapid worsening of America's economic situation involving soaring food costs, the disastrous decline of the dollar on the world monetary market, the constant wild toppling of the stock market caused by the end of the Vietnam War (closing of defense industries with resulting unemployment), and massive governmental corruption as revealed by the Watergate Follies, a shortage of gasoline, fuel oil, and energy due to American government support for Israeli land-grabbers (we can not expect our politicians to deviate from the commands of those Jews who have lined their pockets with gold, can we?) and now actual food shortages brought on by Jewish grain speculators and unscrupulous profiteers among cattlemen, chicken farmers, produce growers etc.. Costs to the American public are jacked up still further by rapacious Jewish middlemen operating in a strictly non-productive, vampiric sense between our American producers and the highly exploited American consumers. Intelligent observers can easily recognize the simple fact that our much vaunted laissez-faire Capitalist economy is solely geared to prosper during times of war whereas stagnation invariably sets in during prolonged periods of peace! The vast profits to be accrued by unscrupulous speculators, labor czars, industrial management, and individual stockholders in the armaments firms assure that "United Nations Brush Fire Wars" will continue with American G.I.'s used as cannon fodder. What happens, however, when our increasing rates of alcoholism and narcotics addiction together with the steady decline in value of America's racial stock makes our military forces unable to cope with a direct confrontation between the USA and the superbly organized and equipped armies, naval forces, and aerial fleets of the Soviet Union and Red China?

The economic, racial, cultural, and political chaos which is leading our people toward ultimate oblivion as a National state can only be reversed when the racially valuable Aryan element in American life (people of Nordic, Celtic, Anglo-Saxon, Latin, and Slavic origin) finally decide to discard forever the nonsensical Liberal, Universalist, and Equalitarian myths which have been grafted artificially on the Aryan mind and soul by the purely Semitic mythology of Judeo-Christianity! Once this task has been accomplished, and not before, our Aryan racial stock will erect a totalitarian political structure whose purpose is to create a society based on hierarchy, discipline, purpose, and racial destiny. Through a process of selective breeding and gaining mastery of the

genetic code, a process which would give us the ability to select the type of human being to be created within the mother's womb. Thus, the type of human being to be created within the mother's womb is thus fixed. a race of superior human beings is reality instead of a fantasy. We Aryans of North America shall create the 'God Man' who will dominate this earth and fulfill the prophecies of the ancient past. We must, therefore, gear ourselves mentally to sweep away the teeming masses of human junk (Jews, Negroes, half-caste Indians, the nondescript, sub-human products of Jewish-Christian universalist thinking) so that our earthly Aryan Paradise, the New Atlantis may arise in what is today the United States of America.

If we should falter in our resolve or fail in our World Mission - then a veritable Wagnerian 'Twilight Of The Gods' will set in and the gloomy prophecies uttered by Oswald Spengler, the great theoretician of Cyclic History will come to pass. Study well the following passages from Pitirim Sorokin's 'Social Philosophies From An Age Of Crisis' which deal with Spengler's theory of how democracy sinks into decay:

The Parade Of The Conquerors (Fate!) - the mighty World Historical Personality rides down the Avenue Of Time amidst a sea of human debris in order to effect vast changes in the Society and Destiny of mankind!
He embodies the incarnate Will Of Nature!

"At the outset of democracy the field belongs to the responsible, noble, and pure intellect alone. It introduces the bill of rights and equality under the law. Soon, however, it turns out that one can make use of constitutional rights only if one has money. The leadership passes from the idealist intellect to the

Caesar invading Britain. (Ferris)

shrewd money-maker, the bourgeois. It begins to control the vote and the voters through its political machinery. The press, as a powerful propaganda weapon, becomes one of the most influential and insidious parts of this machinery. Democracy through its newspaper and mass magazine expels the book from the people's mental life. Through the press, mass education, and mass propaganda, it teaches the people to think less and less for themselves and to accept more and more what is offered by the press (and radio and television). The book world, with its profusion of standpoints that compelled individual thought to select and criticize, is now the possession of only a few. The people read the ONE paper, "their" paper, which spans the intellect from morning to night, drives serious books into oblivion, promotes the books it wants, and kills the books it disapproves of.

"What is truth (under democracy)? That which the press wills. Its commands evoke, transform, and interchange truth. Three weeks of press work and the 'truth' is acknowledged by everybody. Mass education tends to shepherd the masses into the newspaper's power area. Of course, there is freedom of speech in democracy, but the press is free to take, or not to take, notice of what the "citizen" says. It can condemn any "truth" to death by simply passing it by in silence, by not communicating it to the world. In lieu of the stake and faggot there is a great silence. Such a press and such mass education pave the way for the Caesars. The dictatorship of party leaders supports

used upon that of the press. The leaders strive to train the bulk of their followers by whipping their souls with articles, telegrams, and pictures that are more effective than a physical whip or military service, until the masses clamor for weapons and seemingly force their leaders to an eventual dictatorship, which these leaders have carefully prepared. "This is the end of Democracy. If in the world of truth it is proof that decides all, in that of facts it is SUCCESS. Success means that one being triumphs over the others. Through the press and other means, the masses, their minds, and their actions are kept under the iron discipline of the parties, which in turn are the retainers of the few bosses. Parliaments, congresses, and elections are a sort of preconcerted game, a farce, staged in the name of popular self-determination. "Through money, democracy becomes its own destroyer, after money has destroyed intellect." Noble intellectual and moral leaders of the beginning of democracy are now replaced by unscrupulous and non-intellectual politicians. One boss is overthrown by another. Fights, disturbances, and insecurity become chronic. As a result men become tired and disgusted with money values, with all this bickering, and begin to hope for salvation from somewhere or other, from a revival of old values, unselfishness, honor, inward nobility, to the arrival of a new Savior. In this way Caesarism grows on the soil of degenerated democracy and sooner or later conquers it. It establishes money economics and a purely political will-to-order. Caesarism is thus the final act of the Civilization in the field of social, economic, and political organization. Eventually barbarization sets in, and the Culture's social form steadily disintegrates. It ends with the "second religiosity" and with the forms which it - and its church - impose upon the remnants of the Culture's Life-cycle. Its social history is ended. Such, in bare outline, is the core of Spengler's philosophy of history."

After reading the above passages by Sorokin on the Spenglerian view of the role played by democracy in the decline of cultures, we can readily ascertain that our America of 1974 fits to perfection his classical theory of the cyclic development of history. Dictatorship, autocracy, or Caesarism need not, however, be a symptom of cultural decay but may well be a joyous herald of NATIONAL and RACIAL REGENERATION depending upon whether the "Caesar" is merely a military hooligan backed up by army bayonets (as in many Central and South American dictatorships) or the Messianic Spokesman of a new SOCIAL ORDER ROOTED IN THE MINDS AND HEARTS OF HIS PEOPLE! Thus the popularity and fanatical support given to Juan Peron or Mao-Tse-tung is firmly based on the foundation stone of mass support for a Messianic "heroic figure" whose name is clearly associated with massive economic and political reforms whereas the Argentine military oligarchy which preceded the renaissance of Peronism and the corrupt regime of Chiang-Kai-shek were invariably associated with and dependent upon foreign capital and military force. We can hardly compare the Greek military junta, the Lon Nol regime in Cambodia, the former government of "Papa Doc" Duvalier in Haiti, or President Somoza of Nicaragua (all of whom fit the Spenglerian concept of "Caesarism" or "Power For Power's Sake") with Adolf Hitler's Third Reich, Mao-Tse-tung's People's Republic of China, or Peron's Argentina because the latter regimes were or are strictly ideological in nature and firmly rooted in the aspirations of their respective peoples whereas the former governments

seek only to keep a modicum of Law and Order by the bayonet for their foreign benefactors! This corrupt form of Spenglerian "Caesarism" gives way ultimately to a Communist regime because it lacks the ideological motivations which alone can win the minds and hearts of the great masses who yearn for meaning to their lives and a sense of NATIONAL AND/OR RACIAL DESTINY! Liberal Democrats and Christian Universalists prate endlessly about the "Brotherhood of all Mankind" but common sense and normal powers of observation prove conclusively that neither races, nations, or individuals are in any manner equal, much less brotherly in nature. The survival of the fittest under a government by the wisest is the only way to live in strict accordance with the LAWS OF NATURE which are the REVEALED WILL OF THE LORD OF THIS WORLD!

The NRP was formed in order to inaugurate this "government in accordance with NATURAL LAW" in the USA. America is falling apart at the seams because Jewish "opinion makers" in the realm of the communications media, publishing, and education have taught Aryan people to despise their own racial heritage and to glorify the worthless human junk which is terrorizing our urban centers, disrupting our educational system from top to bottom, corrupting Aryan moral and ethical standards, replacing our formerly high standards of art, cinema, stage plays, ballet, and music with the drooling lunacy of the "drug culture", sexual perversions of the most bestial types, and themes designed to turn children against parents, students against teachers, women against men, the ignorant against the learned, and above all - themes to break down all barriers against the mating of Aryans and Racial sub-humans! Only a dictatorial government of Aryans, by Aryans, and for Aryans can save Western Civilization in America. Therefore, as conditions become ever more chaotic, we give Americans their only choice: DICTATORSHIP OR CHAOS!
